

ELSIE FERGUSON TO BE BANKER'S BRIDE

Shortly afterwards he confiscated a number of their stores. Forty-two Mexican merchants were jailed after the conference held Saturday for the purpose of raising a forced loan. Six were executed. Such was the substance of reports brought here today by foreign merchants.

REBELS TRY TO CAPTURE MURDERER

"The assembly of citizens in any numbers during the night has been forbidden. During Saturday night the Wesleyan mission was mobbed. One of the men who had murdered a prisoner in jail, was secreted in this mission. "The prices of provisions have greatly increased and the poorer classes are without food and are suffering greatly."

KAISER TO BE FIRM ON FRYE CASE

Germany is contending for her right to destroy and pay for the Frye under the Prussian American treaty of 1838. The United States denies the right to destroy the ship. There appears to be no question of the payment of reparation by Germany, but there is a question over whether it shall be paid directly by diplomatic exchanges, or shall go through a prize court. Germany takes the latter view.

London, August 2.—The british steamer Fulgens, of 2,501 tons gross has been sunk. The crew has been landed.

San Francisco, Aug. 2.—Hopc, expressed by a number of delegates, that the National German-American Alliance, which convened here today, would make no formal declaration of its attitude toward the controversy in which the United States and Germany is now engaged, has diminished. It was said today, as result of the attack made on the United States government yesterday by the organization's president, Dr. C. J. Hexamer, of Philadelphia.

Delegates in favor of a strong stand by the convention, asserted that Dr. Hexamer's denunciation of the United States for permitting the shipment of war supplies to England, paved the way for resolutions, covering the same ground.

MAY DECIDE TO BOW TO TEUTON WILL

There has been heavy fighting on the Narew front, where the Germans have made some progress in the desperate battle which is raging between the Narew and the Dniester. The last reports from Vienna are that the Russians are retreating further East, pursuing German regiments having passed through Chelm.

BECKER BURIED

New York, August 2.—The funeral of Charles Becker, executed in Sing Sing prison Friday for instigating the murder of Herman Rosenthal, was held today from the Church of St. Nicholas of Tolentine, the Bronx. The church was filled with men and women and the overflow stood in the street outside. So great was the crowd around the church and the Becker home nearby, that police reserves had to be called to handle it.

TWO DROWN AT TOLEDO

Toledo, Aug. 2--With the continued absence from their residences early this morning, police were satisfied that George Gardner, 25, and William C. Rhinehart, 32, had failed in their attempt Saturday to better their swimming at Toledo Beach and had drowned. Clothes which were identified as belonging to the two men, were found in lockers at the beach bathing houses.

CARRANZA MEN TAKE CAPITAL

Washington, August 2.—Official confirmation of the re-occupation of Mexico City by Carranza's army under General Gonzales reached the state department today from American Consul Silliman at Vera Cruz. A message to the American Red Cross from Mexico City says there have been cases of death and collapse from starvation in the capital.

WILL PLAY JAPAN

Chicago, August 2.—The University of Chicago base ball team in charge of Professor C. C. Wright, of the political economy department will leave tonight for a trip to Japan to play the three leading universities of that country. There were twelve players in the party. A stop over of ten days will be made in the Hawaiian Island and the party will arrive in Japan about September 21. The Maroons will meet teams of the Universities of Waseda, Kiota and Meiji.

Offers \$20,000 And Players For Jackson

Chicago, August 2.—The Chicago Americans have offered for Joe Jackson the Cleveland slugger, according to a story published here today. The story could not be confirmed here in the absence of President Comiskey, who is on a hunting trip.

Redfield Will Go Before Grand Jury

Chicago, August 2.—When the Federal grand jury, which is investigating the capsizing of the steamer Eastland, convenes today, it is expected that Secretary of Commerce Redfield would go before the body some time during the day to tell of the work of the Federal steamboat inspectors pending the return of members of the crew of the Eastland. Mr. Hoynes announced that he was working in harmony with Federal officials.

"Judge Landis, Mr. Clyne and I have perfect understanding," said Mr. Hoynes.

The finding of three more bodies in the hull of the Eastland yesterday led to a renewal of the search to-

BRITISH STEAMER IS SUNK

London, August 2.—The British steamship Clinton has been sunk. Fifty-four of the persons aboard her were saved.

The Clinton, a vessel of 3,334 tons gross, owned by J. Robinson and Sons, of North Shields, was last reported to have sailed from Tynes Mouth July 9, for Marseilles. She was built at Sunderland in 1907; was 350 feet long, with a beam of fifty feet.

Elsie Ferguson

Announcement has just been made of the engagement of Elsie Ferguson, actress, to Thomas B. Clarke, Jr., vice president of the Harriman National bank of New York. Miss Ferguson, whose age has never been told in print, is probably less than thirty. She began her stage career as a chorus girl. She was dissatisfied with her first husband, and secured a divorce after he had spent a small fortune on her.

When you lay yourself down in the barber's chair you usually lay back with the avowed intention of resting a little, or if possible of getting a little nap. You usually tell the barber just what you want, settle back for as pleasant a moment as it is possible to have in the barber's chair, close your eyes and wish for the time to pass when you were out on the street again.

"Pleasant day we're having," begins the barber.

"What's that," you inquire sleepily.

"I say it's a pleasant day we're having," repeats the knight.

It all evens up somehow. When th' hot weather gets y'or goat there's th' satisfaction o' knowin' that watermelons and ices are on tap, and when th' themum is at zero there's a world o' pleasure in th' hot lunch. What a satisfaction it is t' meet somebody who's wuss off than you are. Here's th' dope for tomorrow: Ohio—Cooler tonight and Tuesday. Probably rain.

Kentucky—Partly cloudy tonight and Tuesday, probably showers. Not quite so warm in west portion tonight.

West Virginia—Unsettled tonight and Tuesday. Probably thunderstorms. Cooler tonight.

LIFE SKETCH OF GEORGE M. OSBORN

In order that the voters may know what kind of a man the Osborn Campaign Committee is calling on the voters to support for the Republican nomination for Mayor in this campaign, we set forth below a brief sketch of the life of Judge Osborn.

George M. Osborn was born at Wheelersburg, Ohio, October 7th, 1858. He attended the public schools at Wheelersburg during his boyhood, and when a young man took a course in the Iron City Business College, of Pittsburgh, Pennsylvania, from which he graduated with distinction in 1875. His first life work was that of school teaching, in which he was engaged for ten years. He began reading law in 1873 in the offices of A. T. Holcomb, and later studied with T. C. Anderson, and was admitted to the bar in 1887.

Judge Osborn's general scholarship is shown by the fact that he was appointed County School Examiner in 1885, and served continuously until 1891 and was a member of the Wheelersburg School Board for three years, and was later appointed City School Examiner of Portsmouth, Ohio.

Judge Osborn was popular at home in his early manhood, and served five years as Trustee of Porter township, at Wheelersburg, Ohio, from 1885 to 1891.

Early in life he was well known and liked throughout Scioto County, and was elected Probate Judge in February, 1891, and re-elected in 1893, serving six years in that capacity.

He was married June 4, 1890, to Miss Carrie E. Feurt, daughter of Henry and Mary Feurt.

During the twenty-eight years that Judge Osborn has been at the bar of Scioto County, he has built up a wide reputation as a lawyer of high ability and thorough honesty.

As a citizen and man Judge Osborn is known among his neighbors and friends for his thorough integrity, geniality and kindness of heart. Always standing for the best interests and true progress of Portsmouth and Scioto County, he has been one of the chief factors in the improvement and upbuilding of our city.

It will be noted that Judge Osborn was elected a member of the City Council in 1896. He has served faithfully and well in that capacity for ten years, carrying into his duties and conduct as a legislator the same high ability as a lawyer, thorough honesty, breadth of vision, public interest, progressive spirit and unselfishness which have characterized him in his other walks in life; and during that time he has been strongly identified with the major part of the improvement and progress of Portsmouth, whose growth and betterment has increased by leaps and bounds during the last ten years, as every citizen who has lived here during that period knows.

Attention is called to the fact that as County School Examiner, City School Examiner, and Member of Council, Judge Osborn's services have been largely gratis, as the compensation for those services has always been, and still is, merely nominal.

In the candidacy of Judge Osborn for the position of Mayor of Portsmouth this Committee feels that the voters of this City are not only given an opportunity to reward him substantially for his long, faithful and unselfish services to our town, but that they are fortunate in having before them a man so well trained and highly qualified in every way to give the people of Portsmouth even better service, by placing him in the position of chief executive of this City.

The Committee feels that it could not do anything better promotive of good citizenship, true Republicanism and good government, than to call on the voters of Portsmouth to

The Markets

NEW YORK STOCKS

New York, August 2.—A fair degree of strength developed in the early trading today, but the accumulation of orders over the week end was not large and the opening was the quietest of any Monday morning for several weeks. Most of the favorites on last week's advance were higher, although heaviness appeared in Crucible Steel which fell back 1 3/4. Bethlehem Steel, Air Brake, A. L. and Republic Steel gained about a point each and coal products four points.

Favorite issues reflected a marked increase in outside interest in the late dealings. Obscure industrials also were advanced 1 to 6 points. The closing was strong.

Absence of disquieting liquidating and the scarcity of offerings caused a comprehensive rise which embraced all classes of stocks. The restraint imposed by recent unsettlement in war shares was dispelled by evidence of excellent fundamental conditions. The scope of railroad buying was the most potent in the lifting the market.

There was a tendency to reduce speculative holdings of war stocks, which showed the effects of heavy realizing sales. These shares held within comparatively narrow lines, and their steadiness under the circumstances indicated such a degree of absorptive capacity of the market as to encourage speculative ventures elsewhere.

Buying shifted to better established issues and the market as a whole made a good showing through the morning. The shares which under normal conditions were well taken with material gains among a large number of representative issues. Oil stocks, coppers and fertilizers were prominent in the movement, in which some of the railroads also figured. Bonds were irregular.

Chicago Grain AND PROVISIONS

Chicago, August 2.—Wheat advanced today owing to unfavorable weather and because of the slowness of the crop movement to terminal markets. It was estimated that the arrivals in Chicago today would not amount to more than the scanty total of 250 carloads. Bear speculators, however, were free sellers on the advance. Opening prices which ranged from 3/4 to 1/2 higher, were followed by material further gains and then a moderate set-back. Corn reflected the strength of wheat. There were also reports tending to show that the corn crop as a whole was two weeks late. After opening 1/2 lower to 1/4 higher the market underwent a slight reaction.

Rains interfering with the harvest gave firmness to oats. Complaints of lodging were numerous.

Higher prices for hogs tended to lift provisions. Trade, though, was unusually quiet.

Reports of frost damage in Canada led afterward to a sharp upturn in wheat. A leading expert's prediction of the billion bushel yields was more than offset by the renewed danger of black rust.

Barish crop estimates failed to stop a subsequent rally in corn when wheat took a fresh upward swing. The close was unsettled at 1/2 to 3/4 net advance.

YOUR OWN PRICE LAND SALE!!!

This phrase "is not molasses to catch flies." It means just what it says.

NEXT SATURDAY, AUGUST 7TH, COMMENCING AT 1:30 P. M.

You will be offered your choice of the following splendid properties at SCIOTOVILLE at absolutely your own price, viz:

No. 1. About four acres with 4 room cottage.
No. 2. About eight acres; no improvements; adjoining No. 1; both places consist of good rich new ground, mostly hill, but easily cultivated, and is well adapted to berries, chicken ranches, etc.

No. 3. One fine building lot 40x193 ft with 3 room alley house; stone walks. A splendid place to own and live in while you are "getting a start."

All the above properties are in the Northern Addition within five to eight minutes walk from car line.

No. 4. Lot No. 170 in Long Meadow, an elegant home-site and well located.

No. 5. Two good lots at Castle Hill; small improvement.

No. 6. About eight acres, all level; 4 room house.

No. 7. About 10 acres, adjoining No. 6, level and rolling; no improvements.

Nos. 4 to 7 inclusive 10 to 15 minutes walk from car line. Both places well adapted to trucking; chickens, hogs, etc. Properties may be inspected at any time prior to sale.

The great secret of making successful real estate investments lies in buying in a line of certain future development.

SCIOTOVILLE is the hub around which the greatest industrial wheel between Pittsburgh and Cincinnati must be built. No real estate investments in Southern Ohio—regardless of location—can possibly compare as to genuine stability and certainty of profits with the few that are offered in HIGH and DRY Sciotoville. Its splendid geographical situation has brought, without the asking, transportation facilities for which neighboring cities begged on bended knees. Advantageous location coupled with its immunity from floods, natural drainage and resultant healthfulness has effected the substantial and wholesome growth of 150 per cent in the past two years, that has not been equalled by a single community in the Ohio Valley.

Don't miss this opportunity to acquire "a little place close to town" at "your own price." Watch this space for further announcements.

Over 300 people enjoyed bathing at the Millbrook beach Sunday afternoon. Dennis King made a 65 foot dive during the afternoon.

Earl McKinley and Wilbur Emmert, who were out in the Emmert car Sunday afternoon had their share of bad luck. Near the Five Mile Church on the Chillicothe pike they had a puncture and after arriving in the city they ran out of gasoline.

The temporary Gallia pike back of the ball park is in a terrible condition. Seven automobiles were stuck in the mire at one time

LIFE SKETCH OF GEORGE M. OSBORN

In order that the voters may know what kind of a man the Osborn Campaign Committee is calling on the voters to support for the Republican nomination for Mayor in this campaign, we set forth below a brief sketch of the life of Judge Osborn.

George M. Osborn was born at Wheelersburg, Ohio, October 7th, 1858. He attended the public schools at Wheelersburg during his boyhood, and when a young man took a course in the Iron City Business College, of Pittsburgh, Pennsylvania, from which he graduated with distinction in 1875. His first life work was that of school teaching, in which he was engaged for ten years. He began reading law in 1873 in the offices of A. T. Holcomb, and later studied with T. C. Anderson, and was admitted to the bar in 1887.

Judge Osborn's general scholarship is shown by the fact that he was appointed County School Examiner in 1885, and served continuously until 1891 and was a member of the Wheelersburg School Board for three years, and was later appointed City School Examiner of Portsmouth, Ohio.

Judge Osborn was popular at home in his early manhood, and served five years as Trustee of Porter township, at Wheelersburg, Ohio, from 1885 to 1891.

Early in life he was well known and liked throughout Scioto County, and was elected Probate Judge in February, 1891, and re-elected in 1893, serving six years in that capacity.

He was married June 4, 1890, to Miss Carrie E. Feurt, daughter of Henry and Mary Feurt.

During the twenty-eight years that Judge Osborn has been at the bar of Scioto County, he has built up a wide reputation as a lawyer of high ability and thorough honesty.

As a citizen and man Judge Osborn is known among his neighbors and friends for his thorough integrity, geniality and kindness of heart. Always standing for the best interests and true progress of Portsmouth and Scioto County, he has been one of the chief factors in the improvement and upbuilding of our city.

It will be noted that Judge Osborn was elected a member of the City Council in 1896. He has served faithfully and well in that capacity for ten years, carrying into his duties and conduct as a legislator the same high ability as a lawyer, thorough honesty, breadth of vision, public interest, progressive spirit and unselfishness which have characterized him in his other walks in life; and during that time he has been strongly identified with the major part of the improvement and progress of Portsmouth, whose growth and betterment has increased by leaps and bounds during the last ten years, as every citizen who has lived here during that period knows.

Attention is called to the fact that as County School Examiner, City School Examiner, and Member of Council, Judge Osborn's services have been largely gratis, as the compensation for those services has always been, and still is, merely nominal.

In the candidacy of Judge Osborn for the position of Mayor of Portsmouth this Committee feels that the voters of this City are not only given an opportunity to reward him substantially for his long, faithful and unselfish services to our town, but that they are fortunate in having before them a man so well trained and highly qualified in every way to give the people of Portsmouth even better service, by placing him in the position of chief executive of this City.

The Committee feels that it could not do anything better promotive of good citizenship, true Republicanism and good government, than to call on the voters of Portsmouth to

The Markets

NEW YORK STOCKS

New York, August 2.—A fair degree of strength developed in the early trading today, but the accumulation of orders over the week end was not large and the opening was the quietest of any Monday morning for several weeks. Most of the favorites on last week's advance were higher, although heaviness appeared in Crucible Steel which fell back 1 3/4. Bethlehem Steel, Air Brake, Allis and Republic Steel gained about a point each and coal products four points.

Favorite issues reflected a marked increase in outside interest in the late dealings. Obscure industrials also were advanced 1 to 6 points. The closing was strong.

Absence of disquieting liquidation and the scarcity of offerings caused a comprehensive rise which embraced all classes of stocks. The restraint imposed by recent unsettlement in war shares was dispelled by evidence of excellent fundamental conditions. The scope of railroad buying was the most potent in the lifting the market.

There was a tendency to reduce speculative holdings of war stocks, which showed the effects of heavy realizing sales. These shares held within comparatively narrow lines, and their steadiness under the circumstances indicated such a degree of absorptive capacity of the market as to encourage speculative ventures elsewhere.

Buying shifted to better established issues and the market as a whole made a good showing through the morning. The shares which under normal conditions are the mainstay of the market were well taken with material gains among a large number of representative issues. Oil stocks, coppers and fertilizers were prominent in the movement, in which some of the railroads also figured. Bonds were irregular.

CHICAGO GRAIN

AND PROVISIONS

Chicago, August 2.—Wheat advanced today owing to unfavorable weather and because of the slowness of the crop movement to terminal markets. It was estimated that the arrivals in Chicago today would not amount to more than the scanty total of 250 carloads. Bear speculators, however, were free sellers on the advance. Opening prices which ranged from 1/2 to 3/4 higher, were followed by material further gains and then a moderate setback. Corn reflected the strength of wheat. There were also reports tending to show that the corn crop as a whole was two weeks' late. After opening 1/2 to 1/4 lower to 1/2 higher the market underwent a slight reaction.

Rains interfering with the harvest gave firmness to oats. Complaints of lodging were numerous. Higher prices for hogs tended to lift provisions. Trade, though, was unusually quiet. Reports of frost damage in Canada led afterward to a sharp upturn in wheat. A leading expert's prediction of the billion bushel yields was more than offset by the renewed danger of black rust. Bearish crop estimates failed to stop a subsequent rally in corn when wheat took a fresh upward swing. The close was unsettled at 1/2 to 3/4 net advance.

Properties may be inspected at any time prior to sale.

The great secret of making successful real estate investments lies in buying in a line of certain future development.

SCIOTOVILLE is the hub around which the greatest industrial wheel between Pittsburgh and Cincinnati must be built. No real estate investments in Southern Ohio—regardless of location—can possibly compare as to genuine stability and certainty of profits with the few that are offered in HIGH and DRY Sciotoville. Its splendid geographical situation has brought, without the asking, transportation facilities for which neighboring cities begged on bended knees. Advantageous location coupled with its immunity from floods, natural drainage and resultant healthfulness has effected the substantial and wholesome growth of 150 per cent in the past two years, that has not been equalled by a single community in the Ohio Valley.

Don't miss this opportunity to acquire "a little place close to town" at "your own price." Watch this space for further announcements.

Tonight At The
EXHIBIT

His Mother's Portrait Hungry Hank Wins A Hundred

TWO REEL DRAMA

FRATERNAL DAY FOR K. K. SEEMS A CERTAINTY

OFFICIALS APPROVAL EXPECTED TONIGHT AT COMMITTEE MEETING

Fraternal day with its accompanying popular parade will in all probability be placed on the K. K. calendar when the heads of the various committees assemble in the Masonic temple tonight. Letters to the various fraternal orders of the city have brought encouraging responses and the indications are that fraternal day will continue to remain a feature of the 1915 K. K. parade.

A design for the official badge of the K. K. will also be selected tonight. Heads of the various committees will meet with the directors of the Retail Merchants' association to decide definitely on immediate arrangements for the big show. It is proposed to eliminate the float contest in the fraternal parade, instead substituting some other attractive feature. Suggestions for this feature will be received at tonight's meeting.

Work of the finance committee will commence after tonight's meeting and many generous contributions are expected. "Fraternal day" will also start this week while arrangements for shows have practically been completed.

President Charles Daehler stated Monday that special meetings would be conducted at regular intervals from now until the K. K. opens. Talks with the various chairmen of the committees find them very enthusiastic and speaking in glowing terms of the elaborateness of this year's K. K. parade. Heartier support all around is indicated, they say.

WHO HAS RIGHT OF WAY WHEN TWO AUTOS MEET

How many auto drivers can correctly answer this question: certainly everyone should know or learn the answer.

If two automobiles approach a street intersection properly at right angles to each other, both upon their legal side of their street, both at legal rate of speed and both equal distance from their corner, which one of the two has the "right of way" over the other?

For instance one is going south upon Chillicothe street at Eighth and the other one is going east on Eighth at Chillicothe; both observing the traffic laws.

Correct answer to question in noon extra Times as to which auto has the "right of way" when both legally approach a street intersection:

The one which is at the "right hand" of the other has the right of way. Thus if four machines should approach Eighth and Chillicothe street at the same instant it would be the duty of each driver to hold up and give way to the machine coming from his right hand direction. Those upon his left must take care of him; he must take care of those on his right. Think it out and you will see that it all works out automatically by caring for the man at your right.

SQUEAKING KIDNEYS!

Do not hesitate to promptly heed the warning your kidneys give you when they begin to "squeak". When you feel those little "squeaky" pains in the "small of the back"; loss of appetite; highly colored urine; weariness you cannot account for—it means that your kidneys are not doing their work properly. The result may be fatal if neglected.

The remedy is a simple matter if you act promptly. Go to your druggist and get a box of genuine GOLD MEDAL Haaren Oil Capsules. Haaren Oil has been a standard remedy for all kidney and bladder troubles since 1896. It is imported direct from the ancient laboratories at Haaren, Holland. Be sure you get the genuine GOLD MEDAL Haaren Oil Capsules. No substitute will give the proper result. Prices, 25c, 50c and \$1.00. Your money positively refunded if you do not get prompt relief, and soon feel the old-time "ginger" of youth.

FRED'S PANTS DAMAGED

While riding down Gallia street Sunday on his motorcycle Fred Etzkorn, moving picture operator at the Columbia theatre, was thrown off when the machine skidded. His knees were slightly injured and a pair of trousers were rendered useless.

Claimed "Spite" Was The Cause Of Arrest

Will Hughes, of Mill street, caused somewhat of a stir in police court Monday morning by asserting that Detective Andy Leslie had arrested him out of spite, vilifying him and also Chief W. T. McCarthy when he sought to get into communication with the latter towards obtaining his release Saturday evening.

Hughes was charged with train riding. He said Leslie "had it in" for him and came charging down the railroad tracks wildly gesticulating as though a murder had been committed. He said he had just seen a relative off to his home in Ironton on N. & W. passenger train No. 4 and himself only intended to ride as far as Lincoln street.

Leslie denied making the statements attributed to him by Hughes, declaring the chief's name had not been mentioned and also denied having any animosity towards Hughes though he had arrested him several times in the past for drunkenness. He said he was watching a stranger who was acting as though he was going to board the train and was not expecting to see Hughes climb aboard. He said Hughes was very drunk and doubtless would have fallen off the train before it reached Lincoln street. Hughes was dismissed on his promise to stay away from the railroad in the future.

Hugh Nelson, of Wisconsin, and a man giving the name of William Haskins, were fined \$5 each for train riding. The former paid out while Haskins was committed to the street gang.

WITH THE SICK

Mrs. E. A. Dorrance, 214 Eighth street, who underwent a surgical operation Friday, is reported doing nicely. Drs. Rogers, Tost and Smith performed the operation.

Mrs. S. H. O'Brien, of Washington township, Union county, a cousin of Oren H. O'Brien of this city, was rushed to Columbus a few days ago to undergo a surgical operation. Because of internal hemorrhages, it was feared she would die on the train, but reached Columbus safely, was operated up in successfully and is now reported recovering.

"The New Valet," a comedy with Billie Reeves during a trip to Atlantic City will give you a good laugh from start to finish.

Another reel of the Paramount travel pictures will be shown this evening, making a five reel program of special merit and one that is sure to interest you.

Tomorrow we are honored with a visit from "Little" Mary Pickford in her very latest production "On The Dawn of Tomorrow," a most interesting story of faithful love, a story dealing with the slums of London and pronounced by picture critics as the best "Mary Pickford" picture since "Tess of the Storm Country." Don't forget that this picture will be shown for ten cents and you better arrange to come in the afternoon and avoid the crowds in the evening, as you are well aware of Mary's popularity and her many friends always come to see her.

"Don Caesar de Bazan," the play that Alexander Salvini made famous many years ago at the old Sixth Street Grand Opera House is the big headliner for Wednesday. It is a most excellent attraction with W. Lawson Butt, a famous English actor taking the part of Don Caesar, a part he has played more than 500 times on the stage.

Everybody wants to see Clara Kimball Young in "Lola" on Thursday. This is a five reel production from the World Feature Film Company and is one of the best of all the many good pictures Miss Young has appeared in.

"The Devil's Daughter." Her kiss is death; her love, red flame. That scorches like a white-hot brand; But luring lightning in her eyes Beckons to that forbidden land Where blasted lives, like hollow skulls, Lie whitening on the sun-baked sand.

Her paths are milestoned wickedly: By sunken souls that cry despair; But hers the glance that breathes delight: The Devil's Daughter; passing fair, Has wrought her spell and filled her oath She triumphs to see her fools rut there.

A Practical Man For Mayor.

Progressive Portsmouth will do much constructive work in the next two years. A practical man for mayor will be needed and will save the taxpayers money every day.

Bert Kaps KNOWS how all public works should be constructed. He KNOWS machinery. He KNOWS how municipal plants and buildings should be constructed. He KNOWS how flood defenses should be put in. He KNOWS how streets should be paved. He KNOWS how storm and sanitary sewers should be built.

Council will pass ordinances declaring what public works shall be entered upon. The city solicitor will define how they shall be built under the law. Bert Kaps will see that they are constructed practically, honestly, efficiently and with saving to the taxpayer.

The Devil's Daughter takes cruel toll. Her blood-red lips are sugared lies That lull her fools in her white arms, And mock them in their parting breath, And laugh to see their fell work done. As cursing, dopes go down to death.

At The Exhibit

"His Mother's Portrait" is the title of a two reel dramatic feature that is being offered as the headliner at The Exhibit theatre tonight. "Hungry Hank Wins A Hundred" is the big comedy hit. Don't miss any of these pictures as they are exceptionally good. The admission to the Exhibit is only five cents. The place is cool and comfortable and there is always good music.

Mary Fuller, Local Favorite At Arcana Theatre Tonight

Mary Fuller, a favorite with every play-goer in the city, will be seen at the Arcana Theatre tonight in that wonderfully successful drama, entitled, "A Daughter of the Nile," a three-reel feature that is guaranteed to be one of the most fascinating and interesting playlets ever produced. Miss Fuller who is cap-

bly supported, will be seen at her best, for the lines of this drama suit her exactly and a pleasant evening is promised to all who attend. Miss Fuller is without a doubt one of the best beloved stars of the movie world. Come and see her in her latest success, "A Daughter of the Nile," at the Arcana tonight. Admission only 5 cents.

"The Diamond From the Sky." More powerful than all the laws ever made, love levels all obstacles and even the peasant girl may find herself suddenly raised to the highest of earthly positions. Swift as light, powerful as fate, thrilling with emotion and brimful of exciting incidents, "The Diamond From the Sky" fairly carries the spectators right off their feet into the realms of breathless romance. With the above feature, will be a two reel Thanhouser production entitled "Which Shall It Be."

Strand Theatre.

See your favorite heroine, Pauline Bush, in the great Rex three-reel drama "The Heart of Cerise," a story of pathos, love, jealousy and revenge, which leads us into the heart of a small French dramatic company. Cerise is bedeviled to the leading man, but

through a series of misunderstandings they are parted. The story ends with a happy reconciliation which will please everybody. The fourth reel is a Joker comedy "Wit's Busy Days" and features Louise Pagnola, Max Asher, Bob Vernon. Tomorrow we will show King Baggott at his best in "A Life in the Balance."

At The Scenic

Tom Moore and Marguerite Courtot in the Kalem three reel feature entitled "The Third Commandment" is the headliner on tonight's interesting program at the Scenic. It is a powerful dramatic production that will appeal to all. Billy Quirk and Constantine Talmadge in "The Master of His House," a seemingly funny Vitaphone comedy will wind up this great four reel program. Don't fail to see it. Tomorrow's feature is the Selig two reel drama entitled "The Fork in the Road" in which Bessie Eyton is featured.

HEALTH BOARD REORGANIZES

Reorganization of the board of health was effected Monday afternoon as follows: Dr. S. P. Fetter, president; Dr. W. W. Smith, health officer, \$80 per month; city physician, Dr. W. D. Schafer, \$75 per month; Clerk John Herndt, \$25 per month; plumbing inspector, Arthur Hutton, \$100 per month.

Dr. C. W. Weidner's resignation as city physician was accepted and Dr. W. D. Schafer elected his successor. This was the only change on the board.

Reappointment of dairy and milk inspector caused the board to discuss whether to reappoint at the old salary of \$37.50 per month, increase the salary and require weekly inspection of milk as well as dairies or abolish the office. Dr. J. W. Daehler has been serving.

Dr. J. W. Daehler was reappointed milk and dairy inspector at an increased salary of \$75 per month. He is employed from month to month until appropriation runs out. He will be required to inspect milk once a week.

Sister Gave Blood

In a last effort to save the life of E. J. Morgan, a sister, Mrs. David E. Thomas, made the heroic sacrifice of giving over a pint of her blood to her brother. Church Faces Trial

Izard Church of New Boston, was placed on trial in common pleas court Monday afternoon before Judge Thomas and jury on an indictment charging him with shooting with intent to kill William Ehrheart near Star Yards last Decoration Day. He had previously entered a plea of not guilty, and is being defended by N. B. Gilliland. Prosecuting Attorney Mitchell represents the state. But a short time was consumed in the selection of a jury.

William Ehrheart, the alleged victim and the main witness for the state, was brought to the court house in Lynn's ambulance and carried into the court room on a stretcher. He is still hopelessly crippled from the effects of a bullet wound in the spine, which caused paralysis of the lower limbs.

Ehrheart was the first witness called, and related in full the events leading up to the shooting to the jury. He said that on the morning of May 31st last, he went up the hollow near Star Yards to where a poker game was in progress. He said Church, who owed him \$2, and several other fellows followed him up the hollow.

Upon Church's arrival at the game, the witness said that he stayed a short time, and then continued up the hollow. Ehrheart said that he thought Church wanted to pay him the \$2 and so he followed after him.

When he was within fifty yards of Church, Ehrheart testified that he saw that he had a gun in his hand. He said he then turned around and started back, and had

Republican Laboring Men

Are you prospering under the Democratic administration?

Do you desire a return to Republican policy and prosperity in state and city?

Do you realize that factional strife in our party may defeat it in the coming election?

We believe your answers to these questions would be YES.

Then why support candidates for Mayor who are backed by factional leaders striving for control?

Why not support the man whose candidacy is free from factionalism, and who, if nominated, will receive the hearty support of all Republicans, and does assure Republican victory and a return to Republican prosperity?

THE ANSWER IS OSBORN.

Change In Firm Means Bigger Store

"The New Idea Clothing Co." established in this city by Al Haimmel there is no question but that Haimmel Bros. Co. will keep pace with the times and enjoy wonderful prosperity.

Edelson, an expert on men's clothing and furnishings as well as ladies ready-to-wear garments, who has been operating a store at Ashland, Ky., for seven years, together with his brother, M. E. Edelson, Trenton merchant, have secured an interest in the New Idea Clothing Co. and the former has taken over the management. The store in the future will be known as Edelson Bros. Co. Mr. Haimmel will until further notice be connected with the new firm.

It is the intention of Edelson Bros. Co. to not only carry a large stock of men's clothing and furnishings, but will add a line of ladies' ready-to-wear garments, the intention being to have one of the finest stores in this part of the state. The store, which is located at 308 Chillicothe street, has been thoroughly remodeled and when all the contemplated improvements are made will be one of the prettiest and best arranged in the city.

Through his courtesy, fair dealing and strict attention to business, Mr. Haimmel has built up a splendid business. He is one of the most affable gentlemen in the city and a hale fellow well met. Mr. Edelson will prove a worthy successor to Mr. Haimmel. He is a clean cut, hustling business man.

OBITUARY

E. J. Morgan

Shock from an operation for the removal of gall-stones, undergone last Friday morning at the Jewish hospital in Cincinnati, was responsible for the death of Edward J. Morgan, age 45 years, superintendent of the fitting room of the Excelsior shoe factory, this city, which occurred Sunday evening, about seven o'clock, at the hospital. At his bedside when the end came were his wife and sister, Mrs. David E. Thomas, of this city, who have been with him from the time he entered the institution last Thursday evening.

Mr. Morgan had been troubled with gall-stones for the past six or seven years, and recently, when his condition grew more serious, an operation was decided upon. He left last Thursday for Cincinnati, where an operation was performed last Friday morning, from the shock of which he never rallied.

Mr. Morgan, who resided with his family at 423 Glover street, this city, was a native of Jackson county, having been born about forty-five years ago near Oak Hill. He came to this city several years ago to take a position in the plant of the Excelsior Shoe Company, then located at Third and Gay streets, and has been a contributing factor to the growth and development of that firm. He had risen to the position of superintendent of the fitting room at the time of his death.

He was one of the most widely known men of the shoe industry in the city, and was popular alike with the employers and employees of the different shoe factories of the city. Sorrow over his untimely death was universal in Portsmouth Monday morning when the sad news became known.

Mr. Morgan was a member of Au-

ror's Lodge, No. 46, P. & A. M. of this city, of Calvary Commandery No. 13, Knights Templar, and the other local Masonic bodies. He was an active member of the Second Presbyterian church, of which he was an elder.

A wife and two children, Martha, 10, and David B., mourn the loss of a kind husband and loving father. One brother and three sisters also survive: Isaac, Mrs. Margaret Morgan, and Mrs. Mary Parry, of Oak Hill; and Mrs. David E. Thomas, of this city. Messrs. John E. and W. G. Williams, of this city, are cousins of Mrs. Morgan.

The body arrived in Portsmouth at noon Monday, accompanied by the widow and sister, Mrs. Thomas, and was taken to the late home of the deceased on Glover street. Funeral services will be held Wednesday morning, at 11 o'clock, in the Second Presbyterian church, in charge of the temporary pastor, Rev. W. J. Zuck, assisted by Rev. T. H. McAfee, former pastor of the First Baptist church. Interment will be in Greenlawn.

Rudolph Burkhardt

While working at the mill Thursday, after following the profession of "smithy" all his life, Rudolph Burkhardt, of Siloam, Ky., suffered a heart attack Friday morning. Complications developed, and he became seriously worse and his condition desperate. Final summons came Saturday evening about nine o'clock, at the age of 69 years,

and a noble spirit winged its flight heavenward.

Mr. Burkhardt was prominently known all through this section of the country. He was a native of Switzerland and came to this country at the age of seven years. His earliest days he spent in Kentucky, and practically all of his life was spent in Southern Kentucky. At one time Mr. Burkhardt lived in Portsmouth. Before settling at Siloam he was located for a number of years at Greenup, Ky. For the past fifteen years he has been located at Siloam.

Mr. Burkhardt was a blacksmith all his life. He numbered his friends by the hundred, and in the passing away of this good man, the country loses a most noble citizen.

The following children survive to mourn the loss of a very dear father: Mrs. Hiram Hyden, of Russell, Ky.; Mrs. Clyde Barber, Mrs. Charles Youngman and Mrs. George Warner, of this city, and Harry, of Chicago. The following brothers and sisters are living: Sigmund and Albert Burkhardt, of Portsmouth; Mrs. August Arnold, Portsmouth; Adolph, of Greenup, and Mrs. Pauline Leninger, of Denver, Colorado.

The remains were brought to Portsmouth Monday, and taken to the home of a daughter, Mrs. Clyde Barber, 1629 Seventh street. Funeral services will be held from the Barber home this afternoon (Monday) with Rev. W. J. Zuck, of the Second Presbyterian church, in charge. Burial will follow at Greenlawn cemetery.

Gengenbacher Funeral

The funeral of Roman Gengenbacher took place from Holy Redeemer church Monday morning and was largely attended. Messrs. James P. Brennan, James Kelley, Henry Faivre, James Foley, Leo Sommer and Val Herbst were the pall-bearers.

Mrs. William Blottman

The remains of Mrs. William Blottman, a contracting plumber of Williamsport, W. Va., passed through here Monday en route to Cincinnati for burial. Mr. and Mrs. Blottman had been married only a year. Mr. Blottman is a member of Portsmouth council, Knights of Columbus.

John W. Hill

Mrs. Chas. T. Best received word of the death of John W. Hill, undertaker of Hamilton, Ohio, formerly a resident of this city and connected with the undertaking establishment of John Dice and the late Frisco M. Lynn. He died at the Dayton sanatorium from an abscess on the brain after lingering for several years. He was quite well known here where he leaves many friends.

Has Been Wilfully Misconstrued!

To the Republicans of Portsmouth:

The advertisement of the McCormick Committee directing attention to the condition of certain municipal improvements in this city has been wilfully misconstrued by two of my opponents, who have charged it to be an attack upon Ex-Mayor Fred N. Tynes.

This article made no attack upon Mr. Tynes, and my opponents in making this false charge are the ones who are trying to draw him into this contest.

I have the highest personal regard for Mr. Tynes, and admire him both as a citizen and as an official. This was shown by the fact that I was instrumental in having petitions circulated urging him to be a candidate for Mayor at this time, that I presented these petitions to him and that I did not become a candidate until he had positively refused to run.

If the city council had permitted Mr. Tynes to have his way, there would have been no criticism of the water works. Mr. Tynes favored as the engineer for the city Mr. Julian Griggs, who supervised the construction of the Columbus water works, and who is one of the most eminent authorities in Ohio upon engineering problems, frequently making special reports to the federal government. Mr. Griggs and Mr. Tynes came to a mutually satisfactory tentative arrangement, but council refused to confirm the Mayor's choice. Had it adopted Mr. Tynes' suggestion, there would have been no such issue as the water works today.

If nominated and elected, I shall give you the most capable and efficient service and safety directors, as well as other appointments, as are possible to secure, and those appointments will, I believe, be of such high character as to meet with general commendation.

MANY ACCIDENTS THE TOLL OF AUTO RIDING

Several Are Injured; Machines Damaged

Misses Eva Markins, Irene Zeek and Raymond Adams and John Creith of Coalgrove had a narrow escape from fatal injury and two of the party received serious injuries when the automobile in which they were riding upset at Wheelersburg Sunday afternoon about 3:30 o'clock. Adams was the most seriously injured of the party, he receiving severe cuts on his right arm and about the face.

The party had been to Portsmouth and were returning home. George Blair, son of Judge A. Z. Blair, passed the party near Wheelersburg. It is said that the Coalgrove party then put on more speed and passed the Blair car. The place where the cars passed the second time is on a down grade and persons who saw the car say it was going faster than it ought to have been on such a grade. In front of the John Duis home, a front and rear wheel of the car slid over into a small ditch along the side of the road. Instead of stopping the engine and pushing the car out Mr. Adams turned on more power and tried to pull out. The front wheel came back on the road but the back wheel collapsed.

When the wheel collapsed the machine turned on its side and going into a small ditch righted itself.

Dr. J. F. York of Sciotoville, who was on his way to Huntington, W. Va., in his automobile came along just then and took care of Raymond Adams, who was bleeding profusely. The other three were assisted to the John Duis home where Dr. A. F. Hill attended them. Dr. G. M. Andre assisted Dr. York who took Adams in his machine to his drug store in Sciotoville where he dressed his wounds. Adams had an artery and a leader in his right wrist cut and glass from the broken windshield cut him in numerous places on the face. Eighteen stitches were necessary to close the cuts in his arm and about fifteen stitches to close the cuts on his face.

Miss Irene Zeek suffered a severe nervous shock. John Creith sustained a severe bruise on his right leg between the knees and ankle.

Miss Eva Markins was especially brave. It was about an hour after the accident before she said a word about her injury. She suffered a dislocation of the left wrist joint. Dr. Hill asked her why she had not complained and she replied she wanted all others attended to first. Her pain was great as the bones almost penetrated the skin. Dr. Hill had to administer chloroform before the injury could be reduced.

The car was a five passenger Dodge and belonged to Mrs. Emma Adams of Coalgrove, Raymond being her son.

The car was badly damaged, the top being torn off, windshield broken, fenders bent, frame twisted, back wheel broken and lights damaged.

After dressing Adams' injuries Dr. York took him to Wheelersburg. Lou Smith, furniture man of Ironton, and Dr. J. S. Wiseman of the same city, who were on their way home, took the injured parties home about six o'clock.

Mr. and Mrs. John Duis, Mrs. Lida Meek and Mrs. George Bell and Walter Meek who were on Duis' front porch, witnessed the accident.

Boy Injured When Machine Hits Fence
Russell Adams, 12-year-old son of J. W. Adams, an N. & W. freight conductor, 1645 Offshore street, was badly cut and his mother and several other persons

narrowly escaped serious injury, when Mr. Adams' Buick automobile crashed into a barbed wire fence near Stockdale Sunday afternoon.

The boy's face was terribly lacerated, chunks of flesh stripped from his right arm, one wound of which required six stitches to sew it up and his right side and left leg badly bruised. Dr. Dixon, of Stockdale, attended the injured boy and said that barring the danger of blood poisoning, his wounds were not necessarily serious.

The accident happened at the bottom of a hill not far from the grove where the Jr. O. U. A. M. picnic was in progress. Mrs. Adams and party, consisting of her two sons, Clyde and Russell, and Mesdames Henry Ribble and Frank Schwartz, of Tenth street, and Master Joe Zuluana were returning from the picnic. As they descended the hill a couple in a buggy ahead refused to give them the road, it is claimed, and when they finally did whip up their horse started off on the wrong side of the road, causing Clyde Adams, who was driving the automobile, to take the opposite side. He ran into a bed of gravel and the machine skidded, going over into a ditch and through a barbed wire fence. Russell was on the running board of the car and got in a tangled mass of the wire.

Mrs. Adams, in her fright, leaped from the car and over the fence, escaping injury. The others escaped with a severe shaking up. Fortunately the car did not turn over. The glass of one of the lights was knocked out and the top of the machine bent. After the injured boy's wounds were dressed, the party resumed the trip home without further incident.

Will Have Bean Mess

The city officials have accepted an invitation to participate in an old time bean mess to be held at the Jr. O. U. A. M. encampment in York Place, August 19th.

AS WE GROW OLD

The Kidneys Should Receive Help
Portsmouth People Recommend Doan's Kidney Pills

The constant strain of busy life. Is hard on the kidneys, and in later years. The kidneys call for help. Old backs often ache, day in, day out.

Urinary ills frequently add their weight of woe. Give the help the kidneys need. Aid the kidneys with Doan's Kidney Pills.

Portsmouth people endorse this remedy. Joel Miller, 1161 Waller Street, Portsmouth, says: "Whenever I take cold, it seems to settle on my kidneys and across my loins. At such times my kidneys act too frequently and I have pains in the small of my back. I never let the complaint get a good hold on me, because I use Doan's Kidney Pills, procured at Miller's Drug Store, right away, and they always fix me up in good shape. Today, my kidneys are strong."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.

Church Will Hold Picnic Loyalty Day

The Fourth Street Methodist Episcopal Sunday school will hold their annual picnic at Millbrook Park, Thursday afternoon. Rev. Marting stated, Monday morning, that this day was decided upon because it would give the members of the Sunday school a chance to help make Loyalty Day one huge success. Rev. Marting stated that it now looked as though practically every member of the Sunday school would take in the ball game between Portsmouth and Maysville. Rev. Marting is a loyal fan and is wearing a loyalty tag.

Joe Kountz Gets Prize For Window

Joe Kountz, one of the popular clerks at the Criterion Clothing Co., is stepping high these days, for his artistic temperament as a window trimmer has been rewarded to the extent of a ten dollar check, donated by the Goodall Worst Co., of Sanford, Me. Mr. Kountz put in a "Palm Beach" window, and was so highly complimented upon the same, that he decided to compete for one of the prizes offered by the Goodall Worst Co. for the neatest windows. Bright and early Monday morning the check came—consequently Joe's contemplated vacation for next week is bound to be one great success. He will take in the base ball games at Cincinnati, and being a strong Red rooster may take a chance on his favorites.

Has Close Call When An Ammonia Tank Explodes

Jacob Hetzel was overcome and was more dead than alive when dragged out, and Fred Krekeler also got in the clear just in the nick of time when an ammonia tank of a refrigerating plant at Adam Giesler & Co.'s meat market exploded Saturday.

Fumes filled the entire building, and Krekeler, who was in the sausage factory at the time, was almost suffocated. He finally managed to crawl out on all fours. Mr. Hetzel ran through the stifling fumes to shut off the gas engine, when he, too, was overcome. Employees rushed to his assistance and soon revived him. The fumes became so strong that the doors of the meat store had to be closed for a time, and residents of the immediate neighborhood found it necessary to close their doors and windows. The explosion did not cause any property damage.

LOCALS LOST TO CHARLESTON SUNDAY IN NINTH

Daubert Hit Hard, Winning Run Made Off Stewart Diltz

CHARLESTON, W. Va., Aug. 2. R. J. DAUBERT, the well-known short stop, who works on our base ball team, defeated Portsmouth yesterday at Beaver Dam Park by the score of 4 to 3. Of course, Mr. Daubert was aided by eight or ten of his high skilled playmates, but this should not detract from his wonderful performance. Some credit should be given to the men in the trenches, but the Iron Cross and Carnegie medal goes to our hero.

This Daubert person appeared in the second inning and leaped against one of Mr. Hancock's perfectly good twisties and sent the sphere sailing over the left field fence. In the fifth, he nonchalantly hit another one right on the nose and knocked it out of the play ground. Any other athlete would have been contented with two circuit smashes, but not our hero. In the ninth, with the cushions crowded he got another hit in the "hug" and forced Mr. Beers, our popular manager, across the plate, with the counter that won the game.

But aside from these few features, it was one of the best games of the season. There were thrills galore and all of the big stuff was held back until the end. The few fans who escaped before the final chapter was staged missed the Garrison finish, which should go down in history with the siege of Warsaw and other important happenings.

The home folks turned out in huge flocks to greet the athletes after their long absence on the road and a pleasant time was had by all. President Sam B. Chilton greeted all of the cash customers with a kind and gentle smile and handed out tickets indiscriminately to those who produced the entry fees. As master of ceremonies, Mr. Chilton was a huge success.

After tailing behind for eight innings, Charleston put on the exciting finish in the last stanza, which increased their lead and tightened their hold on first place. The Senators were on the short end of a 3 to 2 score and the weak end of the batting list was up. Manager Beers, however, showed he was a good detective, of whatever it is, when he decided to use the hook on Mr. Hudson and Mr. Henderson and substitute a pair of pinch hitters.

Confidentially was yanked out of the room and baited for Hudson. He had pretty hard luck, however, and grounded out to Bush. Then Sims, who was collected by an ivory hammer from his locker yesterday, sat in for Henderson and reached first when Dillhofer made a bun throw to first. This started the big noise. Nutter connected with a beautiful twistie and sent it to the center field fence for two cushions. At first it looked like a home run, but fell short by a couple of feet. In the meantime, Mr. Sims broke all speed records and trotted around to third where he was out by a short line. Billy Beers overlooked four bad ones and allowed, crowding the cushions to the waters edge. Powell hit to young Corbin and Sims perished at the plate.

Plucker Given the Gals. Corbin was next up and after a couple of wads, which were participated in by entire groups of visitors, it was decided to give Hancock a much needed rest and use a port sider—which is slang for a guy who uses his left wing to put 'em over. A hurried S. O. S. call was sent out to right field, where Mr. Diltz was spending part of the afternoon and that young gentleman answered with zest and fervor. Mr. Corbin, who had his ear to the ground, listening for any new stuff that might be pulled by the enemy, allowed that he was a cautious guy by changing his hat. No one knows why he did it, but it is supposed to be a brilliant piece of strategy—whatever that is.

When hostilities were resumed Mr. Corbin and his new bat played the star parts in a mob scene, which was put on as an added feature to the meeting. Mr. Diltz felt the strenuous effects of his right fielding and began to yawn. On the very first ball, however, Corbin swung and sent it to the left field fence. Two men scored and it was thought that the game was over, when the umpire made a speech to the effect that there was nothing and that the hit was spurious. A mob of angry villagers then ran out on the field, and Mr. Chilton desisted thousands of perfectly good dollars to the box office to see the fracas. The umpire's life was saved, however, when it was explained that the new pitcher was allowed five balls to get in condition, and the home folks returned to their seats, while Mr. Chilton went back to his unprotected coin at the realm.

Mr. Diltz was very unsteady and shot

BILLY NIXON GOING GREAT

Billy Nixon, right fielder for the Cleveland A. A. team, and who formerly patrolled the center field precinct for the local team of the Ohio State League, is regarded as one of the most brilliant players in the A. A. and is due for a berth in the majors. He is hitting viciously, punting bases with excellent judgment and clutch success and fielding right up to the handle. He will probably be wearing an American League uniform before the season comes to a close. Nixon is one of the finest athletes that ever donned the spangles and his success has come because he has put his whole life into his work.

Full of enthusiasm and with hopes as high as Mt. Taber, the loyalty committee of baseball fans will assemble at the Columbia theatre today noon and may out a strenuous campaign for the disposition of not less than 1500 tags, good for the game between Portsmouth and Mayville next Thursday afternoon.

The committee feels greatly encouraged, for on every day they have met with much encouragement, not a turn down being registered so far. The committee expects to fairly comb the city, not allowing a single fan to escape. The merchants and manufacturers are sure to do the right thing in the purchase of tags, and this is one of the real reasons why the committee feels so hopeful. Every manufacturer so far approached has promised much, and this instant insures the success of the day. Judging from the enthusiasm created, fully 2000 people will be at the park and that will mean the biggest crowd of the season. Incidentally, many will be there who have not seen a single game this year. The band will be out and to much enthusiasm expected that one will be reminded of ye olden days when Millbrook park housed the finest bunch of intelligent fans in the entire O. S. L. circuit.

When the committee comes around to see you Mr. Fan, give them a cordial greeting. Encourage them by buying tickets, for every penny so raised will go into the coffers of the treasury of the Portsmouth Amusement Co. to help defray the expense incurred this season. Watch for the committee!

Beers' Senators Are Traveling Rapidly

Imbued with the personal enthusiasm of Manager Biddy Beers, the Charleston Senators are playing great ball these days and are off for the grand old time during their long stretch of games at Millbrook. The team has been going fairly well, and while they are now pretty well down in the percentage table, nevertheless the boys have not lost their punch and will be right there at the finish.

TEAM TO VISIT JAPAN

Reports from Japan indicate that the coming visit of the University of Chicago baseball team is awaited with great interest by the Japanese fans. The Chicago squad will leave for the Orient next month and will play several games on the way to the Pacific Coast in addition to some contests on the return trip. This will be the third invasion of Japan by an American college team, Wisconsin having made the initial trip in 1909.

Make Interesting Discoveries In Mound On Tremper Farm

Mr. W. C. Mills, curator of the Ohio State Archeological and Historical Society and his corps of assistants, are busily at work exploring the famous Indian mound on the Tremper farm, six miles from the city. They have been at work for two weeks and expect to spend two or three more weeks before they have completely finished the mound. So far they have discovered two skeletons which they think were those of Indians and were buried at a later date than when the mound was built. The burials were near the surface.

In their explorations Mr. Mills and assistants read the mound like a book and almost every spade full of earth removed tells some story of Mound Builder life to them. Saturday they uncovered a small ceremonial altar which they think was used by the Mound Builders in their burial ceremonies much as a church altar is used today. Many other interesting discoveries have been made, all of which will later be described by Mr. Mills in a review of his work.

Mr. Mills is of the opinion that the Tremper mound will prove one of the most interesting that has yet been opened in the state. He says it is rich in historical matter.

Athletics Chase Pitchers
The heavy slugging West End Athletics went after the East End pitchers with a vengeance Saturday, driving 2 from the mound, and hitting the third hard. They secured a total of 14 clean hits, and ran bases at will. Graf started the game for the East Enders walking Gehres the first man up, allowing Yaple to single. Monk lined out one for two bases, scoring Gehres and Yaple. Torgess walked but was caught stealing. Baggs' home run scored Monk and himself, and the Athletics bunch piled up 4 in the first.

Devoss went in for the East End in the fourth, but did not finish the inning. He was relieved by Moore who fanned the next two batters who faced him. The Athletics got busy with the stick again in the fifth, Dever lining out a beauty home run. Bellamy, although slightly wild, pitched fair ball, and fanned 13 batters the 7 innings he pitched. Monk relieved him in the eighth round, allowing the East Enders 4 hits and 2 tallies. The score:

Five Children Baptized

Five children, four of them infants, received the sacrament of baptism at the Sunday morning services at the Fourth Street Methodist church. The ceremony was followed by a sermon by the pastor, Rev. Albert Marting, on the subject, "As A Little Child." The attendance was unusually large.

The five children baptized were: Richard Oscar, infant son of Mr. and Mrs. Harry Euth; Robert Elmer, infant son of Mr. and Mrs. Roy Wendelken; Mary Katherine Elizabeth, six year old daughter of Mr. and Mrs. Floyd Knowles; Carl Albert, infant son of Rev. and Mrs. Albert Marting; Rev. J. W. Dillon assisted Rev. Marting in the baptismal service.

An enjoyable musical feature of the service was a vocal solo by Mrs. Hulda Unnewehr, of Batesville, Ind., sister of Mrs. Albert Marting.

DR. WENDELKEN RESIGNS AS CITY PHYSICIAN

Dr. Charles W. Wendelken, forwarded his resignation as city physician to the local board of health Saturday afternoon. It will probably be received and accepted at the meeting of the board of health this afternoon, and will probably become effective at once. Dr. Wendelken said that his resignation was prompted by a desire on his part to give his entire time to his private practice. He has been city physician for the past three and one-half years.

Dr. Wendelken will be succeeded by Dr. William D. Shafer, it is reported, whose office is in the First National Bank building. He recently emerged from the civil service examination for the position with a general average of 100 per cent, and is qualified both from study and experience for the place.

HURRY CALL FOR A BARREL.

HORRORS! GEO. KELLER'S TROUSERS ARE STOLEN

There is one man in Portsmouth who prefers the old-fashioned swimming days to the modern bathing beach conveniences. He is George Keller, former foreman at the Excelsior Shoe Company, and more recently a beneficiary of the Willis administration, in the position of deputy oil inspector.

George was one of several hundred who spent the greater part of Sunday afternoon at the Peerless Bathing Beach. Upon his return to his compartment in the dressing tent after a "cooling dip," he was pained to discover that some miscreant had stolen his trousers during his absence. A search of the several tents failed to reveal the missing trousers.

One of George's friends finally put in a hurry call to the local Standard Oil Company agency for a barrel, but before it arrived, Grant Williams came to his rescue with a pair of white flannel trousers, which struck George about the knees. When last seen, George was getting his breath in short pants.

George said that in the halcyon days of his youth, he was accustomed to find his clothes tied in all sorts of hard knots, but Sunday was the first time in his life that he had ever had his clothing stolen.

SAVED BOY'S LIFE

Gilbert George, fourteen-year-old lad of 1521 Findlay street, proved himself a hero Saturday evening about 5:30 o'clock, when he saved Searl Bradford, of Front street, from the murky waters of the Ohio. The Bradford boy was just learning to swim and was in the river near the wharf boat when he got beyond his depth, young George who was on the bank saw the lad's peril and dove in. He managed to get a hold on Bradford and started with him towards shore, but Bradford threw his arms about his rescuer's neck, and George had to strike him several hard blows in the face to break the death-like grip. When Bradford let go George obtained a hold around Bradford's waist and after hard struggling got him to the bank.

Queer Antics Of Negro

John Armstrong, a West Virginia negro, caused quite a commotion in the North End Saturday night by his strange antics and was arrested by Detective Bob Reno, of the N. & W.

Armstrong alighted from a freight train and in trying to board it again was thrown quite a distance. He ran like a scared deer to a stable at the rear of the Adam Pfau bakery, and when Reno arrived there found the negro had removed his shoes. He muttered incoherently and was believed to be unbalanced. He was locked up for safe-keeping at the city prison.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach, like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, from any pharmacy, four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

ADMINISTRATOR'S SALE OF REAL ESTATE

In pursuance of an order of the Probate Court of Scioto County, Ohio, I will offer for sale, at public auction, on Tuesday, the 24th day of August, 1915, at the Court House at Scioto County, Ohio, the following real estate situated in the County of Scioto, and State of Ohio, and in Washington Township, and bounded and described as follows:

Being a part of Lot No. 10 of the lands returned by the appraisers of the estate of L. C. Heaton, deceased, and filed in the office of the Probate Court, Book 2, 123, situated on the waters of Dry Run, and being 100 acres of Survey No. 1033, beginning at a point in the South-West line of Adams Township, Ohio, the following description is estimated to contain 100 acres. A legal highway is forever reserved through said tract along Dry Run, same to be 30 feet wide. Being the premises as were conveyed to James Edwards by A. G. Goss by deed dated Sept. 2, 1896, and recorded in Vol. 66, page 50 of the Record of Deeds of said Scioto County, and the same of which said James Edwards died intestate.

Said property is appraised at \$2000.00. Terms of Sale—One third in hand, one third in one year, and one third in two years from day of sale, with interest deferred payments to be secured by mortgage on the premises sold, or all cash at election of purchaser. Said premises are situated about seven miles from the City of Portsmouth on the Dry Run Road and about two miles from junction of that road with Canal Turnpike. On premises is a bearing peach orchard of about 300 trees.

FOR SWEET HARMONY'S SAKE

It is a delightful thing for the brethren to dwell together in peace and harmony, and that was a specially delicious chunk of it that the McCormick literary bureau tossed over into the Osborn camp this week, containing a compound of water works explosives. It is thoroughly Bannonesque. A little less than this time one year ago, Harry Bannon was distributing from city halls and country school houses, that the Democrats weren't fit to run the county, state and nation because their city administration was going to take an indefinite number of years to finish 15 per cent of the water works, while the Republican administration had completed 85 per cent in twelve months. Now, as editor-in-chief of the McCormick literary bureau he unblushingly charges up the blunder in locating the plant below the flood line, the pumps that will not pump and the reservoir that would not hold water to the experience of a previous Republican administration.

Little episodes like this ought to open the eyes of the voter, show them how they were misled and deceived in a matter of supreme consequence to them. More than that it ought to make clear that the struggle now going on in the Republican camp is not of an honest intent to give the city a rule that will be for its best benefit, but is simply a knockdown and dragout fight between the factions as to which shall control the patronage and "the fixings" that go with administration.

Aye, it is lovely this brand of harmony the brethren are exhibiting among themselves, and, mark, it is only the beginning.

WAS NEVER HEARD OF

And now comes the Star and says that the joke is on The Times and also on the mayor because we were insisting on an ordinance to prohibit the use of the cut-out automobiles in the city when in reality such an ordinance was passed by the last Republican administration and all that is necessary is for Mayor Frick to enforce it.

We do not know if there is such an ordinance. We have not yet looked it up to see. We do know, however, that if the last Republican administration passed such an ordinance it never enforced it nor sought to enforce it. If such is the law, it was a dead letter from the moment it was passed by council. It was not heard of nor was it enforced either by the Tynes administration or the Frick administration, and therefore we assumed it did not exist. We will give a prize to any one who can show that there has been any attempt to enforce such an ordinance, if such exists. The out-puts have worked over time for years and years. And they are still working, ordinance or no ordinance.

WOULD BE BIG CARD

Judging from the program of entertainment and amusement for the annual fall carnival, so far as it has been made and engagements entered into it is going to be "bigger, and better" than ever.

This is the best method of keeping it up successfully, since people will not continue interest in that which is solely instructive and practical and to draw them together new attractions must be presented from year to year. To this end has been suggested to The Times by Albert Wilhelm a feature that, doubtless would prove especially effective. Mr. Wilhelm covers a large portion of the south in his commercial travels and he says that down there, at several places, where they were holding exhibitions of various sorts, he saw street dances put on. A portion of a street fair, suitable for the purpose was set off, band music was furnished and thousands of persons whirled in the dance, while thousands of spectators looked on.

A fellow named Mickle, writing to the Omaha World-Herald says it is ridiculous to complain about the high cost of living. Spending nickles for ice cream and such things is money thrown away, he says. He buys one pound of meat a week and himself has meat every day. The rest of the family doesn't need it. He buys the groceries himself because a man is a fool to let his wife do the buying. May be Mr. Mickle hasn't heard of the man who fed his horse a little less hay every day, until he got it down to one straw. Then the animal laid down and died.

The one thing apparent is that the Peerless goes right along building for a tremendous conflagration. There ought to be construction regulations for the business section that would carry the idea of safety first.

Possibly, if the Kaiser could have seen the gallantry exhibited by Company K in that sham battle, he would hesitate long and hard before sending over his next note.

The man who thinks real thinks tells us the reason why opportunity so often goes unrecognized is that she too frequently comes in the guise of hard work.

Safety first. A non-skid banana peel has been invented. It is the product of the Burbank California experimental farm.

When gangsters fall out the people are given something more than an inkling of the truth.

WHERE HE SEEMS TO FIGHT.

SHOULD BE RECOMPENSED

The magnitude of travel over the temporary bridge shows what a vital factor it is in the business life of the city. At the same time the fact that the ferryboat was unable to operate on account of the low water but emphasizes that the bridge was the only solution of the problem caused by the big bridge going out. This coupled with the haste with which the washed out bridge was replaced should impress upon the commissioners the wisdom of being more than fair with Contractor Ruel on settlement day. Mr. Ruel, by a combination of unprecedentedly bad weather conditions has lost money on his contract. He has not faltered nor has he delayed in the work of reconstructing his bridges. This should be recognized and we are sure that all will support any action of the commissioners in arranging additional pay for his services.

The county has gotten the benefit. Let the county pay for it.

They are pretty much all alike. Before election none so valiant as Candidate Turner in deprecating the practice of hiring special counsel for the attorney general's office. In office, it's a different proposition. As attorney general for six months Turner has begun to employ special counsel and as he is bound to have them we are pleased to note he has, among others, appointed that clever gentleman, ex-Judge Middleton of this district.

Hats off again to Contractor Ruel. That temporary bridge is for the fifth time up and attending strictly to business, and once more is the Peerless open to the outside world.

The gasoline to keep automobiles going costs one hundred and thirty million dollars a year. Still there is mystery in some quarters as to why people do not spend much money on other things.

Does our good young Governor make proper note of the fact that Jack Arnold is out in the brush beating 'em up? Possibly, Jack might be less destructive posing around the state capitol as governor pro tem.

Again has the land started to flow with milk and honey. The Willis administration has restored the old mileage allowance out of which came more graft than from any other one perquisite.

If you will only wait long enough everything will come 'round. Announcement is made that the connections to New Boston's one paved street will be made "before long."

Theodore Burton has been let in on the secret that he is a presidential possibility and is glad of it.

OLD NEW YORK

New York, August 2.—Col. George Harvey, who gave to the world the famous cheaters or tortois-rimmed glasses so beloved by college boys, is back from Missouri where he introduced something new, so they are telling at the Fifth Avenue Club.

Col. Harvey went out to the wedding of Champ Clark's daughter in Pike county and he showed the residents that he was no "piker" for he brought along with him a valet. One of those vacillating creatures who answer to the name of Meadows, Forbes or James.

It put all the natives of Bowling Green on the qui vive so the goasips say and several houn-daws took one look at the valet and his funny side lace curtain whiskers and streaked for the tall timber. It was intimated to Col. Harvey that the only persons in Missouri suggesting valets are the men who dress beef.

Broadway is reviving the old and much mooted question: "When is a man drunk?" The revival follows the arrest of a wrist watch wearing young man who staggered out of a big Forty-Second street soda fountain and fell into the gutter.

He told the judge that he was not drunk that he only had a dish of ice cream and became faint on account of an attack of indigestion. The arresting officer insisted that he was sloshed.

One humorist decided that a man is drunk when he kisses the bartender good night and another one goes still farther by proclaiming that there is an advanced stage—when, having kissed the bartender good night, he pins a water lily on his coat.

Frederick J. Haskins, the Washington newspaper man, was in town last week looking over Broadway and a few of the side streets. His friends say that he has grown heavier since the tango craze has died down.

Haskins told of a friend of his

CHILDLIKE INNOCENCE

The implicit faith that it being placed by the Kaps managers in pre-election promises of support is one of the most sublime and touching things of the present campaign. It reminds us of a time once when we were young and innocent and also had faith in the fair promises of the man who votes. We were running for committeeman we remember and there were 91 Democratic votes in the precinct. We got the personal promise of 68 of the 91 to stand by us and actually felt so sorry for the other fellow that we told one of his friends he ought to pull out to avoid the humiliation of a defeat. The advice was not accepted and then we cheerfully said that he would get what he deserved for he was in for the trimming of his life. And then when the votes were counted out the other fellow got 58 and we only got 32. Right then and there we lost faith in pre-election talk and it has been "never again" with us until the votes are counted out.

We have a suspicion that maybe the innocent young men who are banking on this phase of the Kaps support will find it necessary to hire a policeman to handcuff and personally vote each signer in order to count all of those 1123 whose names are now written down in the Kaps big book.

Henry Ford means to keep right in the swim. He has constructed a \$75,000 natatorium in his home. Lest there be here and there one among his millions of patrons that does not know what a natatorium is, let it be explained it is a luxurious swimmin' hole.

And also by the way what has become of the old fashioned teet-totter?

The Grouch observes, that announcing an engagement is making fuss and feathers about something that everybody knew six months before.

The McCormick literary bureau tossed a brick in the direction of the Osborn camp but judging from the frantic yell of protest that went up from the Kaps camp Friday night the brick must have found another mark.

As yet no one has risen to remark that there is no discount on President Wilson's notes.

Then I'll be neutral.

When bloody hearth and hell-scarred field

A golden harvesting shall yield—

Then I'll be neutral.

When arrogance and lust and shame

Win honor and a noble fame—

Then I'll be neutral.

When my own sense of wrong and right

Have faded into hopeless night—

Then I'll be neutral.

Or, blank of mind, I do not know

The good and true from sin and woe—

Then I'll be neutral.

first time. She seems to be sixteen or seventeen years old. I can find no one of my acquaintance who knows her. I feel that I must meet her, as she is the girl of my heart. I have been tempted to flirt with her, but fear she will never accept my acquaintance if I do. Please advise.

CLARENCE.

If the girl is worth having you can't get her by flirting. Watch her, or have some one else do it, and find out where she works. Knowing this, you can surely get acquainted with some one who knows her and thus secure an introduction to the girl herself.

Dear Miss Wise—I am a girl of 23. A gentleman has been calling on me for two years. He has often remarked to me, also to my friends, "Some day Bess and I will get married," but I cannot get it out of him, when he will buy me an engagement ring, saying, "I'll attend to that in due time." He changes the subject when I begin to talk of it. Both my older and younger sisters think he isn't on the marry. They say I ought to bring him to them. How can I?

BESSIE.

Your sisters are quite right. In two years the young man has had more than ample time either to ratify his promise of marriage by purchasing the engagement ring or tell when he will do so. Lose no time in setting a near date for the marriage. Failing

in this, do not permit him to call. Dismiss him; he will then have plenty of time to think it over, "coming to time," as your sisters phrase it, or announcing his willingness to give you up. It is a grave mistake for a girl to give her time exclusively to a man who pays her attention year in and year out without intention of marrying.

Corn Fritters

Grate the corn and allow an egg and a tablespoon of cream for every cup. Beat the eggs well and add the corn by degrees, beating very hard, and salt to taste; put in a teaspoon of melted butter to every pint of corn; stir in the milk-thicken with just enough flour to hold together, say 1 tablespoon for every 2 eggs, and cook on a hot griddle.

SOCIETY

Miss Garnet Woods entertained recently at her home on Seventh street in honor of Miss Minnie DeLong of Clinton, W. Va., who is visiting her sister, Mrs. Levi Cook, of Highland avenue. The evening was spent in music, after which delicious refreshments were served. Miss Woods was assisted by Mrs. J. Wiley Baker. Those present were Misses Minnie DeLong, Sarah Ellison, Mary Fritts, Bortha Clavins, Louise McCall, Anna Meyer, Mabel Waldo, Inez Storch, Messrs. Harry Smith, William McCall, Clyde Kessinger, Ralph Peck, Leo York, George McCall, Clarence Correll and Walter Caudle.

Mrs. Hulda Unnewehr, of Batesville, Ind., is visiting at the home of her sister, Mrs. Albert Marting, of Sixth street. She will return home Wednesday.

Mr. and Mrs. John Schwartz, of Third street, enjoyed a trip to the government dam in Joe Eppenstein's motorboat Sunday afternoon.

The Fourth Street Methodist church Sunday school will hold a picnic at Millbrook park Thursday.

Miss Mildred Dunn was hostess at a delightful party Saturday evening, complimentary to Miss Janet Wilson, of Ashland, Ky., who is the guest of Mrs. Paul Dailey. The guest list included Misses Edna Hauck, Alice Vincent, Jennie Lynn, Katie McMillen, Dorothy Varner, Dorothy Wright, Ruth Baker, Mary Enright and Janet Wilson; Messrs. Graham Revere and guest, Thomas Ramsey, Louis Banoun, Harold Dunn, Don York, Harold Flood, Orville McCull, Harold Byron, George Grimesman, Harold Schirman, Vances Morris. The evening's diversions consisted of music and dancing. The hostess was assisted by her mother and sister, Mrs. A. G. Dunn and Miss Helen Dunn, in serving the refreshments.

Miss Angela Switalski was back at her desk in the county recorder's office Monday after a two weeks' vacation, the major portion of which she spent with relatives in Pittsburgh.

Mr. and Mrs. Albert ToPas, Miss Sadie Kricker, Miss Ethel Douglas, of Roanoke, Va., and Ernest Kelly motored to Mineral Springs Sunday in the Kricker automobile. They were joined there by John Woods, of Georgetown.

Mrs. William Prosser, of Columbus, is the guest of Mrs. Frank Vigus, of Ninth street.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, restore every bit of density, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray or dry, thin and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the large bottle of drug stores, known as "Witch's Sage and Sulphur Compound," thus avoiding a lot of waste. While wispy, gray, faded hair is not ideal, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Witch's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just wash a spoon or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

MY ANNUAL

MID-SUMMER CLEARANCE SALE

Of Men's and Young Men's High Grade Clothing and Furnishings—All New, This Season's Goods. Best Styles and Models From Famous Makers at

Extraordinary Reductions!

SALE BEGINS TUESDAY,

AUG. 3--ENDS AUGUST 28

WHILE IT IS MY YEARLY CUSTOM TO HOLD A CLEARANCE SALE at about this time, I can safely say that this present event surpasses any similar offering I have ever made before. The War, the late Summer weather and general business conditions, have all had their part in reducing my sales this season. I anticipated a big trade and bought my stocks accordingly, but, like thousands of others, I guessed wrong. Trade has not been what I expected, and as a result, I still have big lines on hand. These I must reduce immediately, and at any cost.

THOUSANDS OF BARGAINS ARE HERE FOR MEN to choose from. The variety and completeness of this stock is far greater than ordinarily at this time of year, simply for the reasons mentioned above. All that works to the buyer's advantage, of course,—it's up to you to make the most of it. You can get your entire Summer Outfit now at big savings; now's the time to do it, for the real hot weather is just beginning. Practically everything in my entire stock is reduced; come and get an early choice.

U. S. AWAITS TWO IMPORTANT NOTES

Washington, August 2.—Two important communications—one the German note regarding the sinking of the American ship, William P. Frye, and the other Great Britain's supplement note in reply to American representations regarding the British blockade and interference with American commerce—were awaited today by officials of the United States government. Both documents were due to arrive today.

The United States contends that under the treaty with Prussia of 1826 the Frye case should be adjusted through diplomatic channels, whereas Germany has are satisfied.

Society Cannot Keep Middies Out

San Francisco, August 2.—San Francisco society is not going to spoil the 860 midshipmen who are here today on the battleships Missouri, Wisconsin and Ohio. If Rear Admiral Fullam, squadron commander, can help it. The middies are to be given liberal shore leave but they must be back aboard ship before dark.

"Society must not overdo this thing," said the officer, discussing the large number of entertainments planned for his young charges. "These lads have to work as well as play. This trip is part of their regular training. They work hard aboard ship and must not be tired out at night. They are learning things of great value on the practical side of naval life. That is why I don't want them ashore late in the evening."

German American Denounces U. S.

San Francisco, Aug. 2.—Hope, expressed by a number of delegates, that the National German-American alliance, which convened here today, would make no formal declaration of its attitude toward the controversy in which the United States and Germany is now engaged, has diminished. It was said today, as result of the attack made on the United States government yesterday by the organization's president, Dr. C. J. Hexamer, of Philadelphia. Delegates in favor of a strong stand by the convention, asserted that Dr. Hexamer's denunciation of the United States for permitting the shipment of war supplies to England, paved the way for resolutions, covering the same ground.

TAKE OVER INDUSTRY

Rotterdam, August 2.—German newspapers report that the government is taking over the entire control of the German cotton industry. The order which has been issued says: "From August 1, all textile factories in Westphalia, will be worked under state control as part of an arrangement to provide for an equitable division of cotton among the factories in Germany."

GUNS ARE SHIPPED

London, August 2.—Several forty-two centimeter guns to be used in the bombardment of Russian forts passed through Berlin last week on the way to the East. Last week on the way to the East, according to a Central News dispatch from Amsterdam.

CZAR'S COSSACK BODYGUARD OFF TO THE DEFENSE OF WARSAW

The czar's bodyguard. That Czar Nicholas is to personally take the field in the Russian resistance against the invading Teutonic forces is evidenced by the fact that his famous bodyguard of picked Cossack fighters has been ordered to the defense of Warsaw. This bodyguard, whose sole purpose is to protect the czar from bodily injury, is inseparable from the Russian ruler.

MARINES ON GUARD AT HAITI

Washington, August 2.—French marines were today guarding the French legation at Port au Prince, Haiti, from which building President Guillaume was taken by a mob and slain during the recent revolution there.

The landing of the marines from the cruiser Des Cartes was at the earnest request of the French minister and was at the consent of the United States government. American marines have already been landed.

Latest advices from Port au Prince to the state department said that order was being maintained there.

Redfield Will Go Before Grand Jury

Chicago, August 2.—When the Federal grand jury, which is investigating the capsizing of the steamer Eastland, convenes today, it is expected that Secretary of Commerce Redfield would go before the body some time during the day to tell of the work of the Federal steamboat inspection service.

Secretary Redfield's board resumed its sessions, but it was not known what character this inquiry would assume, in view of an order by Judge Landis, of the United States District Court yesterday refusing permission to William Nicholas, steamboat inspector, to examine the hull of the Eastland. Secretary Redfield said his investigation would go on in spite of this order. He is expected to ask the Federal court for permission to examine such witnesses as he needs.

State's Attorney Hoyne is prepared to present to the county grand jury evidence tending to show the character of men employed as members of the crew of the Eastland. Mr. Hoyne announced that he was working in harmony with Federal officials.

"Judge Landis, Mr. Cline and I have perfect understanding," said Mr. Hoyne.

The finding of three more bodies in the hull of the Eastland yesterday led to a renewal of the search today. Several divers were sent into the boat, where it was reported that a number of bodies were seen, but could not be recovered. They were entangled in wire netting, the divers reported.

MAY TEACH PRISONERS

New York, August 2.—With the approval of Samuel Gompers, president of the American Federation of Labor, labor organizations have volunteered to send instructors to Sing Sing prison to teach the prisoners modern methods of manufacturing. The move is in part the outcome of a visit which Mr. Gompers paid to the prison yesterday. Mr. Gompers conferred with the warden, Thomas M. Osborn, and members of the National Commission of Prisons and prison labor. He was accompanied by Homer B. Call, president of the New York State Federation of Labor, and by several other labor leaders.

A beginning in training of the prisoners in the trades will be made in the garment and shoe shops.

WILL PLAY JAPAN

Chicago, August 2.—The University of Chicago base ball team in charge of Professor C. W. Wright, of the political economy department will leave tonight for a trip to Japan to play the three leading universities of that country. There were twelve players in the party. A stop over of ten days will be made in the Hawaiian Islands and the party will arrive in Japan about September 21. The Maroons will meet teams of the Universities of Waseda, Kyoto and Meiji.

BRITISH STEAMER IS SUNK

London, August 2.—The British steamship Clinton has been sunk. Fifty-four of the persons aboard her were saved.

The Clinton, a vessel of 3,893 tons gross, owned by J. Robinson and Sons, of North Shields, was last reported to have sailed from Tyne Mouth July 2, for Marseilles. She was built at Sunderland in 1907; was 350 feet long, with a bow of fifty feet.

THINK BOAT IS AGROUND

Chicago, Aug. 2.—Hundreds of persons still excited over the Eastland disaster, thought that another marine disaster had occurred today when the fog lifted and the big passenger steamer Manitou was observed lying off the Wilson beach. They reported to the newspapers and the police that the boat was aground, but it was soon learned that she was at anchor awaiting a favorable moment to enter the river. A large number of boats are due in this port on Monday morning, and the Manitou, to avoid possibility of accident in the crowded shipping, is said frequently to lie to, although her anchorage usually is not so closely in shore as it was today.

TWO DROWN AT TOLEDO

Toledo, Aug. 2.—With the continued absence from their residences early this morning, police were satisfied that George Gardner, 25, and William C. Rhinehart, 32, had failed in their attempt Saturday to better their swimming at Toledo Beach and had drowned. Clothes which were identified as belonging to the two men, were found in locker at the beach bathing houses.

Roger Janus, an aviator, spent the greater part of last evening scouring the lake for bodies and planned to continue his work this morning. Police are dragging the lake near where the men are supposed to have been swimming.

Both Gardner and Rhinehart were excellent swimmers. That they, in an effort to better their long distance record of eight miles, were overcome and drowned is the belief of the police.

GO FAR TO ENLIST

New York, August 2.—On their way to Liverpool to enlist in the British army, Robert Frank and George Moorley arrived here today after a 2,963 mile ride by motorcycle from Saskatoon, Canada. Their motorcycle was equipped with a side cradle and carried a tent and stove besides the clothing of the riders. They followed the old Yellowstone trail and camped in a tent. Frank said that the roads in North Dakota and Minnesota were too awful for words.

ITALIANS TAKE 17,000

Rome, August 1.—(via Paris, August 2.)—Prisoners taken by the Italian forces now number 17,000, including 380 officers according to an announcement by the Stefani News Agency. Prisoners come from all parts of Austria-Hungary. While under the surveillance of Italian troops they are under the direction of their own superiors. Their rations are the same as those served by the Italian soldier.

Dr. E. M. Dixon, of Stockdale, was a business visitor in the city Saturday.

RUSSIAN DUMA MEETS; MAY DECIDE TO ABANDON WARSAW

London, August 2.—No direct news from Warsaw has been received here today. While there has been no increasing indications that Grand Duke Nicholas is withdrawing his army from the Polish salient, there is evidence that the capital still is in possession of the Russians since Petrograd correspondents on Warsaw papers were directed to send accounts of the Duma's opening for the issues of Monday morning.

That Russia has not entirely abandoned hope of diversion in the West which would relieve the tremendous pressure exerted upon her by the Austro-German Allies is shown by the announcement from Petrograd that the German forces before Warsaw have been heavily reinforced from the West, thereby creating favorable conditions for active operation by the Allies.

There has been heavy fighting on the Narow front, where the Germans have made some progress in the desperate battle which is raging between the Narow and the Oj rivers. The last reports from Vienna are that the Russians are retreating further East, pursuing German regiments having passed through Cheln.

The opening of the Russian Duma was held before a brilliant assemblage. The ministers, in their speeches, did not attempt to minimize the gravity of the situation, but all agreed that Russia had not reached the end of her resources. The minister of war summed up his views with the assertion that Russia perhaps would surrender. Warsaw as Moscow was given up in 1812, in order to insure final victory.

WILL TELL CONDITIONS IN CITY OF MEXICO

Washington, August 2.—Arnold Shanklin, American consul general at Mexico, was due to arrive here today to confer with Secretary Lansing regarding Mexican affairs. He was recently recalled to Washington following reports of a difficulty he had with the Brazilian minister who is looking after American interests in Mexico.

Mr. Shanklin was expected to throw considerable light on the Mexican political situation, as well as the food situation at Mexico City, where it was said that immediate steps would be taken by General Carranza, whose forces are again in possession, to transport by rail food to the starving people. The food situation is serious and requires immediate attention to relieve distress, according to the consul general.

It was reported through Carranza sources that heavily guarded trains were being prepared to leave Vera Cruz with supplies to supplant food being taken into the Mexican capital by the army of occupation. The outcome of the efforts to send food into Mexico City was being awaited today by officials of the Washington government with much interest. Much depends, it was said, upon the success of this undertaking because of the determination of the American government to relieve the food situation in case Carranza's forces were unable to do so.

ALASKA BANK CLOSES

Valdes, Alaska, August 2.—The Valdes Bank and Trust Company did not open for business today. The bank's closing was decided on Saturday by its directors largely because of losses resulting from the recent fire here. The liabilities are given as \$16,000 and assets as \$50,000.

VOLCANO SPOUTS

Seward, Alaska, August 2.—Renewed activity of Katmai volcano, indicated by the presence of ashes in the air was reported today by W. J. Erskine, of Kodiak. Officers of the Steamer Admiral Watson report that the Illiamna crater also is active.

CANADA TO PROFIT BY UNCLE SAM'S NEW IRRIGATION PROJECT IN NORTH MONTANA

Lake McDermott, Glacier Park, one of the natural reservoirs that will furnish water supply for Milk river project; Dodson dam, Milk river project.

Canada is to profit materially as the result of the construction of the mammoth Milk river irrigation project by Uncle Sam, but it will be only a crumb from the great "loaf of plenty" which is to be Montana's lot when the wonderful \$3,000,000 waterway is completed. About 220,000 acres of land in northern Montana are to be irrigated by this project.

THESE MEN ARE UNDER ARREST, BLAMED FOR EASTLAND DISASTER

Left to right, top: Charles C. Eckliff, Captain Pedersen and Robert Reid. Bottom: W. K. Greenbaum and J. M. Erickson.

Blamed by a coroner's jury for the Eastland disaster and held to a grand jury for indictment on charges of manslaughter, these men see trouble ahead. Harry Pedersen was captain of the unfortunate Eastland and J. M. Erickson the chief engineer. Robert Reid is federal inspector of steamships who gave the Eastland license to carry 2,500 passengers on July 2. Charles C. Eckliff is also a federal inspector of steamships and is equally to blame with Reid for allowing the Eastland to increase the number of passengers from 2,188 to 2,500. W. K. Greenbaum is manager of the Indiana Transportation company, which chartered the Eastland for the Western Electric ex-

Daubert Hit Hard, Winning Run Made Off Stewart Diltz

Charleston, W. Va., Aug. 2.

MR. J. DAUBERT, the well known short stop, who works on our base ball team, defeated Portsmouth yesterday at Beaver Dam Park by the score of 4 to 3. Of course, Mr. Daubert was aided by eight or ten of his high salaried playmates, but this should not detract from his wonderful performance. Some credit should be given to the men in the trenches, but the Iron Cross and Carnegie medal goes to Our Hero.

This Daubert person appeared in the arena in the second inning and leaped against one of Mr. Hancock's perfectly good twistlers and sent the sphere sailing over the left field fence. In the fifth, he nonchalantly hit another one right on the nose and knocked it out of the play ground. Any other athlete would have been contented with two circuit smashes, but not Our Hero. In the ninth, with the cushions crowded he got another hit—in the back—and forced Mr. Burns, our popular manager, across the plate, with the counter that won the game.

But aside from these few features, it was one of the best games of the season. There were thrills galore and all of the big stuff was held back until the end. The few fans who escaped before the final chapter was staged missed the Garrison finish, which should go down in history with the siege of Warsaw and other important happenings.

The home folks turned out in huge flocks to greet the athletes after their long absence on the road and a pleasant time was had by all. President Sam B. Chilton greeted all of the cash customers with a kind and gentle smile and handed out tickets indiscriminately to those who produced the entry fees. As master of ceremonies, Mr. Chilton was a huge success.

After tailing behind for eight innings, Charleston put on the exciting finish in the last stanza, which increased their lead and tightened their hold on first place. The Senators were on the short end of a 3 to 2 score and the weak end of the batting list was up. Manager Beers, however, showed he was a good detective, or whatever it is, when he decided to use the hook on Mr. Hudson and Mr. Henderson and substitute a pair of pinch hitters.

Coffinduffer was yanked out of the pop and batted for Hudson. He had pretty hard luck, however, and grounded out to Bush. Then Sims, who was collected by an ivory huler from St. Louis yesterday, sat in for Henderson and reached first when Billings made a bum throw to first. This started the big noise. Nutter connected with a beautiful twistler and sent it to the center field fence for two cushions. At first it looked like a home run, but it fell short by a couple of feet. In the meantime, Mr. Sims broke all speed records and breezed around to third where he lingered for a short time. Billy Beers overlooked the cushions to the stadium, crowding the cushions to the waters edge. Powell hit to young Canon and Sims perished at the plate.

Pitcher Given the Gate.
Corbin was next up and, after a couple of war, which was participated in by entire troops of visitors, it was decided to give Hancock a much needed rest and use a port side—which is slang for a guy who uses his left wing to put 'em over. A hurried S. D. S. call was sent out to right field, where Mr. Diltz was spending part of the afternoon and that young gentleman answered with zest and fervor. Mr. Corbin, who had his ear to the ground, listening for any new stuff that might be pulled by the enemy, showed that he was a cautious guy by changing his hat. No one knows why he did it, but it is supposed to be a brilliant piece of strategy—whatever that is.

When hostilities were resumed Mr. Corbin and his new bat played the star parts in a mob scene, which was put on as an added feature to the machine. Mr. Diltz felt the strenuous effects of his right fielding and began to warm up. On the very first ball, however, Corbin swung and sent it to the left field fence. Two men scored and it was thought that the game was over, when the umpire made a speech to the effect that there was nothing and that the hit was spurious. A mob of angry villagers then ran out on the field, and Mr. Chilton deserted thousands of perfectly good dollars in the box office to see the fracas. The umpire's life was saved, however, when it was explained that the new pitcher was allowed five balls to get in condition, and the home folks returned to their seats, while Mr. Chilton went back to his unprotected cot of the realm.

Mr. Diltz was very unsteady and shot

BILLY NIXON GOING GREAT

Billy Nixon, right fielder for the Cleveland A. A. team, and who formerly pitched the center field precinct for the local team of the Ohio State League, is regarded as one of the most brilliant players in the A. A. and is due for a berth in the majors. He is hitting viciously, running bases with excellent judgment and much success and fielding right up to the hilt. He will probably be wearing an American League uniform before the season comes to a close. Nixon is one of the finest athletes that ever donned the spanglers and his success has come because he has put his whole life into his work.

LOYALTY COMMITTEE MEETS AT THE COLUMBIA, WILL COMB THE PEERLESS

Full of enthusiasm and with hopes as high as Mt. Tabor, the loyalty committee of baseball fans will assemble at the Columbia theatre today noon and map out a strenuous campaign for the disposition of not less than 1500 tags, good for the game between Portsmouth and Maysville next Thursday afternoon.

The committee feels greatly encouraged, for on every day they have met with much encouragement, not a turn down being registered so far. The committee expects to fairly comb the city, not allowing a single fan to escape. The merchants and manufacturers are sure to do the right thing in the purchase of tags, and this is one of the real reasons why the committee feels so hopeful. Every manufacturer so far approached has promised much, and this itself insures the success of the day. Judging from the enthusiasm created, fully 2000 people will be at the park and that will mean the biggest crowd of the season. Incidentally, many will be there who have not seen a single game this year. The hand will be out and so much enthusiasm uncorrupted that one will be reminded of the olden days when Millbrook park housed the finest bunch of intelligent fans in the entire O. S. L. circuit.

When the committee comes around to see you Mr. Fan, give them a cordial greeting. Encourage them by buying tickets, for every penny so raised will go into the coffers of the treasury of the Portsmouth Amusement Co. to help liquidate the expenses incurred this season. Watch for the committee!

Beers' Senators Are Traveling Rapidly

Imbued with the personal enthusiasm of Manager Billy Beers, the Charleston Senators are playing great ball these days and are off for the pennant for the second half. The pitching staff of the Senators has rounded to nicely, and Billy's boys are going to be hard to dislodge. However, the Spencerists will soon reach home and then watch for the other teams to undergo an

TEAM TO VISIT JAPAN

Reports from Japan indicate that the coming visit of the University of Chicago baseball team is awaited with great interest by the Japanese fans. The Chicago squad will leave for the Orient next month and will play several games on the way to the Pacific Coast in addition to some contests on the return trip. This will be the third invasion of Japan by an American college team, Wisconsin having made the initial trip in 1909.

Rarden Easy For The Classy Spiders

The Spiders gave the Rarden team one grand trimming on the former's grounds Sunday afternoon, the score being 19 to 4. The Spiders hit the ball to all points of the compass and won as they pleased. The Rarden boys seemed to be afflicted with stage fright and had no more chance than so many rabbits. Meyers and Reinhard did the twirling for the Spiders, and they had the country boys on their staff from start to finish. The winners piled up a total of 20 hits and ran bases as they pleased. PHILOSOPHY OF SAM CRAWFORD

These are a few tenets in the philosophy of Sam Crawford, Detroit's famous outfielder:

"Baseball is a great game if you know what to do with yourself after you get into it."

"Never despise."

"Improper food will shorten a ball player's career as quickly as anything."

"Never belittle the other fellow."

"The kid coming up is liable to be a bigger star some day than the fellow going out."

"A ball player cannot afford to take chances on ending his career."

"It is an uncertain game; at best, and it will always take the best you have and ask for more. When you are through it has no place for you."

"Save your money. If you don't save the other fellow will help you spend it. That won't get you anything."

Reds Won 2 Games

Stop the dent! The Reds have won four in a row, capping the climax Sunday when they took both ends of a double header from the Brooklyn Dodgers. The first game was 4 to 2, while the afternoon game was 6 to 3. By winning the double bill yesterday the Reds now have visions of the pennant. McKenney, Toney and Benton led in the box for the Reds, opposed by Douglas and Coughlin.

Steel Plant Team Defeated Fullerton

The steel plant team defeated the Fullerton team at Millbrook Sunday afternoon by the score of 8 to 0. The victory was the deciding game of a three game series. The Fullerton team could do nothing with either Shultz or Samson. These two pitchers are going great. Samson has only been scored upon once in the last 35 innings he has worked. The hitting of Kellar and C. Samson was the feature of the game. Kellar getting 4 out of 1 and Samson 3 out of 3. By winning Sunday the mill team have won 12 out of 13 games. The score:

WALLACE FINDS IT EASY TO BE PATIENT

Wallace.

"Umpiring is just like playing a different position," says former Manager Wallace of the St. Louis Browns who is now an umpire. "Only the element of rivalry is removed. When the ball players rush up with protests I find it easy to be patient. You see, I remember that I kicked against many a decision that I knew was O. K. So that I know what value to place on protests, now that the shoe is on the other foot."

REBUILDING A PUMP

The John H. MANY ACCIDENTS THE TOLL OF AUTO RIDING

Several Are Injured; Machines Damaged

Misses Eva Markins, Irene Zeek and Raymond Adams and John Creith of Coalgrove had a narrow escape from fatal injury and two of the party received serious injuries when the automobile in which they were riding upset at Wheelersburg Sunday afternoon about 8:30 o'clock. Adams was the most seriously injured of the party, he receiving severe cuts on his right arm and about the face.

The party had been to Portsmouth and were returning home. George Blair, son of Judge A. Z. Blair, passed the party near Wheelersburg. It is said that the Coalgrove party then put on more speed and passed the Blair car.

The place where the cars passed the second time is on a down grade and persons who saw the car say it was going faster than it ought to have been on such a grade. In front of the John Duis home a front and rear wheel of the car slid over into a small ditch along the side of the road. Instead of stopping the engine and pushing the car out Mr. Adams turned on more power and tried to pull out. The front wheel came back on the road but the back wheel collapsed.

When the wheel collapsed the machine turned on its side and going into a small ditch righted itself.

Dr. J. F. York of Sciotoville, who was on his way to Huntington, W. Va., in his automobile came along just then and took care of Raymond Adams, who was bleeding profusely. The other three were assisted to the John Duis home where Dr. A. F. Hill attended them. Dr. G. M. Andre assisted Dr. York who took Adams in his machine to his drug store in Sciotoville where he dressed his wounds. Adams had an artery and a leader in his right wrist cut and glass from the broken windshield cut him in numerous places on the face. Eighteen stitches were necessary to close the cuts in his arm and about fifteen stitches to close the cuts on his face.

Miss Irene Zeek suffered a severe nervous shock. John Creith sustained a severe bruise on his right leg between the knee and ankle. Miss Eva Markins was especially brave. It was about an hour after the accident before she said a word about her injury. She suffered a dislocation of the left wrist joint. Dr. Hill asked her why she had not complained and she replied she wanted all others attended to first. Her pain was great as the bones almost penetrated the skin. Dr. Hill had to administer chloroform before the injury could be reduced. The car was a five passenger Dodge and belonged to Mrs. Emma Adams of Coalgrove, Raymond being her son. The car was badly damaged, the top being torn off, windshield broken, fenders bent, frame twisted, back wheel broken and lights damaged.

After dressing Adams' injuries Dr. York took him to Wheelersburg. Lou Smith, furniture man of Ironton, and Dr. J. S. Wiseman of the same city, who were on their way home, took the injured parties home about six o'clock. Mr. and Mrs. John Duis, Mrs. Lida Meek and Mrs. George Bell and Walter Meek who were on Duis' front porch, witnessed the accident.

Two Injured When Machine Hits Fence Russell Adams, 12-year-old son of J. W. Adams, an N. & W. freight conductor, 1645 Offa street, was badly cut and his mother and several other persons narrowly escaped serious injury, when Mr. Adams' Buick automobile crashed into a barbed wire fence near Stockdale Sunday afternoon.

The boy's face was terribly lacerated, chunks of flesh stripped from his right arm, one wound of which required six stitches to sew it up and his right side and left leg badly bruised. Dr. Dixon, of Stockdale, attended the injured boy and said that barring the danger of blood poisoning, his wounds were not necessarily serious. The accident happened at the bottom of a hill not far from the grove where the Dr. O. U. A. M. picnic was in progress. Mrs. Adams and party, consisting of her two sons, Clyde and Russell, and Mesdames Henry Ribble and Frank Schwartz, of Tenth street, and Master Joe Zullana were returning from the picnic. As they descended the hill a couple in a buggy ahead refused to give them the road, it is claimed, and when they finally did whip up their horse started off on the wrong side of the road, causing Clyde Adams, who was driving the automobile, to take the opposite side. He ran into a bed of gravel and the machine skidded, going over into a ditch and through a barbed wire fence. Russell was on the running board of the car and got in a tangled mass of the wire.

Mrs. Adams, in her fright, leaped from the car and over the fence, escaping injury. The others escaped with a severe shaking up. Fortunately the car did not turn over. The glass of one of the lights was knocked out and the top of the machine bent. After the injured boy's wounds were dressed, the party resumed the trip home without further incident.

Drives Auto Into Grocery Miss Nell Praither, Home Telephone operator at Sciotoville, suffered a severely sprained left wrist Sunday evening about 5:30, when she ran a Ford car, owned by Thomas Teleferro, into the front of K. B. Nagel's grocery store, on Main street, Sciotoville.

Miss Praither lost control of the machine in making a turn and instead of going east on Main street, the machine turned north and ran between two poles not ten feet apart. It crashed into the west corner of the Nagel store, smashing the big plate glass and the heavy wooden panel below the window. The windshield, electric lights and radiator were badly damaged. Teleferro, who also occupied the car, represents the Banks Supply Company of Huntington, W. Va.

Runs Big Truck Into a Ditch To avoid hitting a buggy driven by a woman, Alex Grubb drove one of the large six-ton Pierce-Arrow trucks of the Curtis-Ward Company into a ditch on the Harrisonville road, where it turns off from the Gallia pike at Sciotoville, near the Arthur Turner home, Sunday night about 10:30. The truck did not overturn. It took several hours to get the machine back on the road. The Curtis-Ward Company have their trucks running all night from the sand tipples at Sciotoville to their camp on the C. & O. N. line, near Harrisonville.

Auto Sideswiped Wheel; Boy Had Arm Broken Fletcher Pace, 12, of Eleventh and Gay streets, and Jimmie George, 12, of 1521 Findlay street, and a bicycle they were riding were sideswiped by an automobile about 5:30 o'clock Saturday afternoon at Eleventh and Washington streets. The boys were riding tandem on the bicycle, going north on Washington street. Both were knocked to the ground, Pace receiving a fractured left arm. The driver of the machine did not stop after hitting the boys, it is claimed.

Messrs. Harold and Dasher's Cars Hit Valley Harold's car, driven by Sherman Johnson, and E. J. Dasher's car, driven by himself, collided on the road to the golf grounds Sunday morning, the collision taking place at a sharp turn in the road. A couple of bent fenders and slight damage to the running board of the Harold car was the net result of the accident. One car was going to the Golf club and the other was enroute to the city and they met on the turn. Every effort was made by both drivers to avoid collision and the cars only touched lightly.

E. J. Morgan Answers The Final Summons

Shock from an operation for the removal of gall-stones, undergone last Friday morning at the Jewish hospital in Cincinnati, was responsible for the death of Edward J. Morgan, age 45 years, superintendent of the fitting room of the Excelsior shoe factory, this city, which occurred Sunday evening, about seven o'clock, at the hospital. At his bedside when the end came were his wife and sister, Mrs. David E. Thomas, of this city, who have been with him from the time he entered the institution last Thursday evening.

Mr. Morgan had been troubled with gall-stones for the past six or seven years, and recently, when his condition grew more serious, an operation was decided upon. He left last Thursday for Cincinnati, where an operation was performed last Friday morning, from the shock of which he never rallied.

Mr. Morgan, who resided with his family at 423 Glover street, this city, was a native of Jackson county, having been born about forty-five years ago near Oak Hill. He came to this city several years ago to take a position in the plant of the Excelsior Shoe Company, then located at Third and Gay streets, and has been a contributing factor to the growth and development of that firm. He had risen to the position of superintendent of the fitting room at the time of his death.

WHO HAS RIGHT OF WAY WHEN TWO AUTOS MEET

How many auto drivers can correctly answer this question; certainly everyone should know or learn the answer.

If two automobiles approach a street intersection properly at right angles to each other, both upon their legal side of their street, both at legal rate of speed and both equal distance from their corner which one of the two has the "right of way" over the other?

For instance one is going south upon Chillicothe street at Eighth and the other one is going east on Eighth at Chillicothe; both observing the traffic laws. The Times will print question and answer tonight.

Correct answer to question in noon extra Times as to which auto has the "right of way" when both legally approach a street intersection:

The one which is at the "right hand" of the other has the right of way. Thus of four machines should approach Eighth and Chillicothe street at the same instant it would be the duty of each driver to hold up and give way to the machine coming from his right hand direction. Those upon his left must take care of him, he must take care of those on his right. Think it out and you will see that it all works out automatically by caring for the man at your right.

The Kidneys Should Receive Help Portsmouth People Recommend Doan's Kidney Pills

The constant strain of busy life, is hard on the kidneys, and in later years. Old backs often ache, day in, day out. Urinary ills frequently add their weight of woe. Give the help the kidneys need. Aid the kidneys with Doan's Kidney Pills.

Portsmouth people endorse this remedy. Joel Miller, 1161 Waller Street, Portsmouth, says: "Whenever I take cold, it seems to settle on my kidneys and across my loins. At such times my kidneys act too frequently and I have pains in the small of my back. I never let the complaint get a good hold on me, because I use Doan's Kidney Pills, procured at Miller's Drug Store, right away, and they always fix me up in good shape. Today, my kidneys are strong."

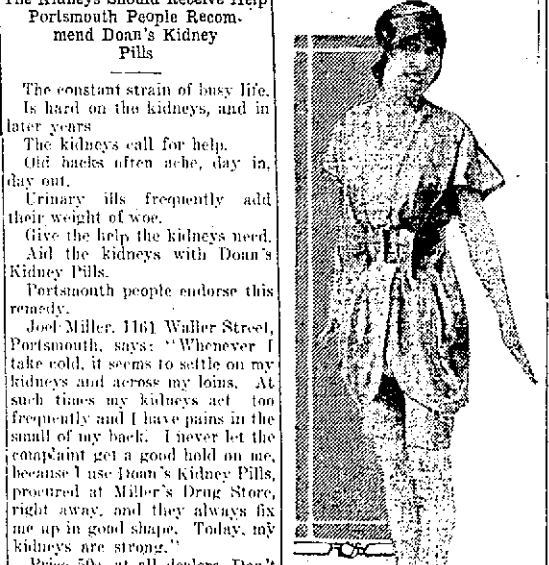

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.

Washes Hands In Gasoline And Burned

E. M. Johnson, who has charge of the Curtis-Ward Contracting Company's trucks, received severe burns Saturday at the sand tipple at Sciotoville. Johnson was washing his hands in gasoline to remove grease, when a fellow employee came too close to him with a lighted cigarette and the gasoline ignited. Johnson received burns on his left leg and left arm. He put the flames out by jumping into a pile of sand.

Swing Big Sign

The Grimes-Peebles company sign is 820 by 12, and onit letters swing one of the biggest signs in this part of the country when they swing. The sign faces all trains leaving and coming into Portsmouth over the N. Whitaker-Glessner Company. The & W. and B. & O.

Thieves Work At Williams' Home

Sneak thieves entered the home of Dr. G. Wash Williams, of the Scioto Trail, some time Sunday and stole a pearl ring, a small gold nugget and a safety deposit box key. The police were notified and requested to watch all pawn shops for the missing articles.

HORRORS! GEO. KELLER'S TROUSERS ARE STOLEN

There is one man in Portsmouth who prefers the old-fashioned swimming days to the modern bathing beach conveniences. He is George Keller, former foreman at the Excelsior Shoe Company, and more recently a beneficiary of the Willis administration in the position of deputy oil inspector.

George was one of several hundred who spent the greater part of Sunday afternoon at the Peerless Bathing Beach. Upon his return to his compartment in the dressing tent after a cooling dip, he was pained to discover that some miscreant had stolen his trousers during his absence. A search of the several tents failed to reveal the missing trousers.

One of George's friends finally put in a hurry call to the local Standard Oil Company agency for a barrel, but before it arrived, Grant Williams came to his rescue with a pair of white flannel trousers, which struck George about the knees. When last seen, George was getting his breath in short pants.

George said that in the halcyon days of his youth, he was accustomed to fire his clothes tied in all sorts of lard knots, but Sunday was the first time in his life that he had ever had his clothing stolen.

Mr. Burkhardt was prominently known all through this section of the country. He was a native of Switzerland and came to this country at the age of seven years. His earliest days he spent in Kentucky, and practically all of his life was spent in Southern Kentucky. At one time Mr. Burkhardt lived in Portsmouth. Before settling at Siloam he was located for a number of years at Greenup, Ky. For the past fifteen years he has been located at Siloam.

Mr. Burkhardt was a blacksmith all his life. He numbered his friends by the hundred, and in the passing away of this good man, the country loses a most noble citizen. The following children survive to mourn the loss of a very dear father: Mrs. Ifigen Hyden, of Russell, Ky.; Mrs. Clyde Barber, Mrs. Charles Youngman and Mrs. George Warner, of this city; and Harry, of Chicago. The following brothers and sisters are living: Sigmond and Albert Burkhardt, of Portsmouth; Mrs. August Arnold, Portsmouth; Adolph, of Greenup, and Mrs. Pauline Lenniger, of Denver, Colorado. The remains were brought to Portsmouth, Monday, and taken to the home of a daughter, Mrs. Clyde Barber, 1529 Seventh street. Funeral services will be held from the Barber home this afternoon (Monday) with Rev. W. J. Zuck, of the Second Presbyterian church, in charge. Burial will follow at Greenlawn cemetery.

Husband And Wife Fight To A Draw

Dick Mershon, a teamster, and his wife put in the greater part of Sunday fighting at their home on Washington street, between Tenth and Eleventh, and have been ordered to appear in the mayor's court this evening for a hearing. Mershon was cut about the face, chest and hands, while the wife also exhibited bruises, claiming Mershon had bitten her.

The police received complaints Sunday that George Capelhart, George Irving, B. Culber and Albert

DR. WENDLEKEN RESIGNS AS CITY PHYSICIAN

Dr. Charles W. Wendleken forwarded his resignation as city physician to the local board of health Saturday afternoon. It will probably be received and accepted at the meeting of the board of health, this afternoon, and will probably become effective at once. Dr. Wendleken said that his resignation was prompted by a desire on his part to give his entire time to his private practice. He has been city physician for the past three and one-half years.

Dr. Wendleken will be succeeded by Dr. William D. Shafer, it is reported, whose office is in the First National Bank building. He recently emerged from the civil service examination for the position with a general average of 109 per cent, and is qualified both from study and experience for the place.

Queer Antics Of Negro

John Armstrong, a West Virginian negro, caused quite a commotion in the North End Saturday night by his strange antics and was arrested by Detective Bob Reno, of the N. & W.

Armstrong alighted from a freight train and in trying to board it again was thrown quite a distance. He ran like a scared deer to a stable at the rear of the Adam Pfau bakery, and when Reno arrived there found the negro had removed his shoes. He muttered incoherently and was believed to be unbalanced. He was locked up for safe-keeping at the city prison.

TRIM SUIT FOR THE SUMMER SHOPPER

She Wears a Smart Suit Made of Linen, Khaki or Natural Colored Pongee

WALKING towns of the smarter sort, especially designed for early summer wear, are very much under discussion at the moment, and below we give some useful suggestions for three costumes of this description, carried out in simple and dignified styles and in three subdued colorings which seem to be in favor all through the season.

One is a coat and skirt costume composed of pongee, chosen in a new shade of gray and arranged with one of the latest skirts, pleated all the way round. The long coat is cut with very full basques and fastened in front with buttons covered with the same material. There are touches of green velvet on the cuffs, and the collar is lined inside with velvet to match.

The hat is made in one of those large French sailor shapes which are invariably becoming. It is carried out in gray horse straw, matching exactly the color of the covert coating, and trimmed with dark green velvet ribbon and beads.

Buttons are in great demand. Large shipments from foreign suit makers have not been received in this country because of the war, and American button manufacturers have a desperate battle to out the most fastidious taste. Dress-makers use them for trimming in the sand different ways. There are self-covered buttons on suits and coats. There are jet and steel and enamel buttons. There are fancy silk and velvet buttons and many other kinds.

In spite of the fact that the waist line has dropped many inches, belts are still used to emphasize the waist line. The belt at the hips is usually wider than the belt at the waist used to be, but it is still a regulation belt. On many frocks and coats the belts are of the material, attached

Trimmed with self-covered buttons and are held in place by straps of the material. Sometimes these wide belts are sometimes they are attached into pockets.
